52.212-2 REVISIONS
VA101V-17-Q-0068 A00002

FAR 52.212-2, Evaluation – Commercial Items is amended as shown below. This revised language replaces in its entirety the language that was included in the original solicitation.

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other non-price factors considered. The following factors shall be used to evaluate quotes:

1. **Price (Complete the following) :**

- a. Price schedule as provided in the solicitation, section v., with quote/offerors proposed contract line item prices inserted in appropriate spaces.

2. **Past Performance:**

- a. Provide at least three (3) references (but no more than 5 references) of work similar in size and scope performed in the past three (3) years with current contact information to include an active contact's name, e-mail, phone number, address, and organization to include a brief description of the work completed, and a contract # (if applicable). References will be checked to ensure your company is capable of performing in accordance with the Statement of Work.

The Government reserves the right to obtain past performance data from other sources than those identified by the Offeror in evaluating past performance. This includes, but not limited to, the Past Performance Information Retrieval System (PPIRS), Federal Awardee Performance and Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), or other databases; interviews with Program Managers, Contracting Officers, and other designated Technical Representatives. Offerors are reminded that both independent data and data provided by Offerors in their quotes may be used by the Government to evaluate past performance. The Contracting Officer may also evaluate past performance based on direct knowledge of the Contractor's performance on current or recent contracts.

3. **Technical:**

- a. Provide a written statement limited to five (5) pages as to how your company intends to comply with the technical specifications, tasks, and deliverables as required in the statement of work.
- b. Provide a detailed Project Management Plan, which presents the contractor's plan for completing the contract. The contractor's plan shall be responsive to this SOW and describe the approach used for each required aspects of the contract. The Project Management Plan must also include information pertaining to the security of the web-based portal site, and the routine monitoring of the site for corruption.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is

unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

NOTE - The following changes were made:

- *All references to "Lowest Evaluated Price, Technically Acceptable" were removed.*
- *Evaluation Criteria were amended to include Past Performance.*
- *Basis for award was amended. Award will not be made to that quote that is found to be the Lowest Priced, Technically Acceptable, but instead will be made in accordance with FAR 13.106-2(b)(3) to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other non-price factors considered.*
