The proposed sole source procurement is being made from an offer proposed by ARUP Laboratories, Inc. Market research performed for the procurement did not identify another Vendor that could provide all of the same testing services.

This notice is not to be considered a request for quotations or proposals. No contract will be awarded on the basis of offers received in response to this notice; however, all responsible sources may submit a capability statement, proposal or quotation, which shall be considered by the agency. Vendors are encouraged to respond to this notice if they can provide all of the requested testing services. Vendors should not respond to this notice if they can provide some of the requested testing services, and are not capable of performing all of the testing services. Proposals or offers received will be used to determine if a comparable source is available and more advantageous to the government. If no affirmative written response is received within 5 days from the publication of this notice, a BPA order will be placed with ARUP Laboratories, Inc. without further notice.

The anticipated statutory authority permitting other than full and open competition for the requirement is 41 U.S.C. 3304(a)(1), as implemented by FAR 8.405-6 – Limited Sources. The requesting activity has submitted a sole source justification with their request. Responses, or lack of responses to this notice, will be used to confirm the Limited Sources justification.

Notice: the POC for this notice does not have a Federal Business Opportunities registration account. The POC does not have any visibility to the “Interested Vendors List” tab within the notice. Interested firms must respond directly to the POC email address listed in the notice for consideration.
