B.3 PRODUCT DESCRIPTION

1.0 INTRODUCTION

1.1 The Department of Veterans Affairs (VA) requires contracted support for the acquisition of consumable commodities in support of the Medical/Surgical Prime Vendor (MSPV) Program and Formulary (hereafter referred to as the "MSPV formulary"). The MSPV Program and Formulary is a partnering effort between the (VA Veterans Health Administration (VHA) and the VA Office of Acquisition, Logistics and Construction (OALC).

1.2 The intent of this acquisition is to streamline procurements of Medical, Surgical, Dental, Prosthetics, Laboratory (Lab) and Environmental Medical Supplies (EMS) and consumable commodities purchased in support of the MSPV Program. The contracted support is needed to build and support the MSPV Formulary.

1.3 Items are currently added to the MSPV Formulary through the execution of Blanket Purchase Agreements (BPA) whose items are added to the MSPV Formulary that are ordered through the current regional MSPV Program contractors. As the MSPV Program is a key element in VHA's integrated supply chain initiative that is designed to significantly improve efficiency in obtaining items. It is important that the manner in which items are added to the MSPV Formulary is also efficient and accurate. Current processes for the establishment of BPAs in support of the MSPV Program have been problematic in terms of effectiveness, timeliness, and overall benefit. The proposed approach is meant to streamline the establishment of BPAs by simplifying the process of product selection, solicitation, evaluation, and award.

1.4 The VHA Prosthetic and Sensory Aid Service (PSAS) has identified Fisher and Paykel Positive Airway Pressure (PAP) Devices and Accessories for in home use.

2.0 OVERVIEW MSPV

2.1 VA desires to establish single-award BPA's for various consumable commodities at prices lower than best commercial customer pricing.

2.2 The purpose of these BPA's requirement is to standardize the purchase of commodities across the VA healthcare system and secure the availability and consistency of volume based pricing and products through a nationally standardized source.

2.3 The MSPV Program is a national Program that provides a customized distribution system that meets or exceeds facility requirements by providing efficient and cost-effective just-in-time distribution, inventory, electronic, and Formulary ordering processes through four regional prime vendor contracts. The MSPV Program facilitates quick, reliable, just in time ordering, thus, increasing the efficiency and effectiveness of the day-to-day operations in the VHA system. In order for the contractor to participate in the MSPV Program, the contractor must have their products added to the MSPV Formulary for each regional Prime Vendor. All resulting orders placed under the MSPV Program agrees to be in accordance with the terms and conditions of the resulting MSPV contract. Therefore, the contractor agrees to make the BPA item(s) available through the MSPV Formulary. The specific terms and conditions (e.g. chargeback arrangements, payment terms) must be finalized between the contractor and each applicable regional Prime Vendor.

3.0 SCOPE OF WORK

3.1 The contractor agrees to provide uninterrupted supply of standardized items and delivery of PAP devices and accessories as specified in the agreement for distribution through the MSPV Program or directly through the contractor to include an alternate delivery method. The contractor agrees to meet the Trade Agreement Act (TAA).

3.2 Purchases by the Government of products established under the resulting BPA will be ordered by VA field offices through the MSPV Program or directly through the contractor and may be delivered using the alternate delivery method. The orders will indicate the specific items ordered, item quantities, and all necessary delivery and payment procedures.

4.0 PERFORMANCE

4.1 The BPA ordering period is 1-year with a 1-year option period that may be exercised by the Government upon annual review.

4.2 Orders issued under this agreement will be on a firm-fixed price. The contractor agrees to provide the equipment, supplies and resources necessary to accomplish the requirements described in this agreement.

a. Service Level Agreement Fee.

The Service Level Agreement (SLA) fee is established by the Supply Fund Board and is provided as a means of reimbursement for customary acquisition-related services necessary to obtain contractor services and/or supplies as required. The Supply Fund Board may change the percentage at any time, but typically not more than once per year. Upon a change in the SLA, the Contracting Officer (CO) shall issue a unilateral modification to apply the change to CLIN prices based upon the SLA rate change. The SAC will provide reasonable notice prior to the effective date of the change.

In order to facilitate SLA reimbursement, offerors must include (imbed) the SLA fee into their prices; therefore, the fee will be reflected in the total amount charged and transparent to ordering activities.

Reported sales must include all sales made to all authorized contract or agreement users, whether shipped directly to the users or through Prime Vendor contractors. The report shall reflect sales by contract line item and shall segment sales by the Department of Veterans Affairs (VA) and Other Government Agencies (OGA). The reported contract sales shall include the SLA Fee and each quarterly report shall show the total SLA Fee amount collected on the reported sales. The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor's established commercial accounting practice. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.232-17, Interest). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the SLA, the Government shall have, in addition to the rights and remedies described in this clause, all other rights and remedies permitted by Federal law and statutes.

E.5 EVALUATION PROCEDURES AND APPROACH

In order for quotes to be considered acceptable and eligible for evaluation, they must be prepared IAW and in compliance with the instructions given in this RFQ and address, all of the requirements set forth within this RFQ.

Evaluation and issuance will be conducted IAW the requirements of FAR 8.405-3. The Government does not anticipate requesting revisions to quotes, so quoters should provide their best price in its response to this RFQ. However, the Government reserves the right to request quote revisions that seek additional price discounts, provide revisions to the technical aspect of the quote, or to clarify aspects of the quote. In the event quote revisions are requested, the Government will not necessarily be seeking revisions from all quoters. The Government will not be conducting "discussions" as defined in FAR Part 15.

BPA issuance resulting from this solicitation will be made based on the best overall quotes that are determined to be the most beneficial to the Government (i.e., best value). FAR 2.101 defines best value as the "expected outcome of an acquisition that, in the Government's estimation, provides the greatest overall benefit in response to the requirement." Issuance will be made on the lowest price technically acceptable quote which will represent the best value to the Government.

Quotes will be evaluated using a phased process, as follows:

Phase 1: SOCIO-ECONOMIC COMPLIANCE

The quote will be evaluated to determine the extent the quoter is a verified Veteran Owned Small Business (VOSB).

Phase 2: TECHNICAL

Any submission that does not meet the following criteria will be eliminated from consideration and will not be further evaluated.

In order to be determined technically acceptable, a quoter must quote the brand name items as specified in Attachment B.

Phase 3: PRICE

Quotes found technically acceptable will be evaluated for price.

E.6 EVALUATION

The Government will issue a BPA resulting from this solicitation to the responsible quoter whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes:

1. SOCIO-ECONOMIC COMPLIANCE

The quote will be evaluated to determine the extent the quoter is a verified VOSB.

2. TECHNICAL

Technical acceptability will be evaluated for conformance with the requirements in the solicitation.

The quote will be evaluated to determine the extent in which the products quoted meet the brand name.

The quote will be evaluated to determine the quoter's capability to provide the products quoted through MSPV program, directly by the contractor and the alternate delivery method. The quote shall clearly demonstrate authority to act as authorized distributor of brand name products quoted.

3. PRICE

Price will not be evaluated adjectivally or assigned a score. The Government shall evaluate price to determine whether or not it is considered fair and reasonable based on FAR 13.106-3.

The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

The quoter's initial quote shall contain the best terms from a price and technical standpoint. The Government reserves the right to make no award as a result of this solicitation.

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(i) Taxes are considered delinquent if both of the following criteria apply:

A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
