

DEPARTMENT OF VETERANS AFFAIRS

**Justification and Approval
For
Other Than Full and Open Competition**

1. Contracting Activity:

Department of Veterans Affairs
NCO 20, Construction Team

on behalf of

Veterans Administration Medical Center
500 West Fort Street
Boise, ID 83702-4501

VA2237: 531-12-3-5413-0005

2. Nature and/or Description of the Action Being Processed:

This procurement is for general construction services to for the construction of the Residential Mental Health Facility at the Boise VAMC located in Boise, Idaho.

Project Number: 531-CSI-102
Project Title: Residential Mental Health Facility
Estimated Cost of Construction: [REDACTED]
Project Period of Performance: 13 months

3. Description of Supplies/Services Required to Meet the Agency's Needs:

The Residential Mental Health Facility requires a facility security system that seamlessly connects to and is compatible with the existing facility security system at the medical center. The existing system is Lenel Security System.

Estimated cost for the Lenel Security System [REDACTED]

4. Statutory Authority Permitting Other than Full and Open Competition:

41 USC §253(c)(1), as implemented by FAR 6.302-1.

- (X) (1) Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements per FAR 6.302-1;
() (2) Unusual and Compelling Urgency per FAR 6.302-2;
() (3) Industrial Mobilization, Engineering, Developmental or Research Capability or Expert Services per FAR 6.302-3;
() (4) International Agreement per FAR 6.302-4
() (5) Authorized or Required by Statute FAR 6.302-5;
() (6) National Security per FAR 6.302-6;
() (7) Public Interest per FAR 6.302-7;

5. Demonstration that the Contractor's Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above (applicability of authority):

The VAMC, Boise, Idaho building security system is a highly specialized system. The VAMC, Boise, Idaho currently has a Lenel Security system. The security system utilized for Residential Mental Health Facility must be compatible and integrate seamlessly with the existing facility security system. Award to any other source would result in substantial duplication of cost to the Government that is not expected to be recovered through competition.

The medical center currently maintains a fully operational Lenel Security System. Lenel Security Systems are proprietary and do not accept integration with other manufacturers' systems. Multiple facility security systems would jeopardize the security of the medical center. Even more serious is the potential risk to patient and staff safety. Furthermore, changing to another security system would result in substantial duplication of efforts and increased costs to the Government.

6. Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable

The facility security system is brand name (Lenel). Selection of Lenel is the result of a previous competitive procurement.

In accordance with the Competition in Contracting Act (CICA), the overall procurement will be competed; and will be issued as an invitation for bid (IFB) and will be 100% set aside for Service Disabled Veteran Owned Small Business (SDVOSB) concerns.

7. Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable:

These items are part of a larger project, which will be solicited and awarded on a competitive basis. Fair and reasonable pricing will be established based on competition received.

8. Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted:

All market research was performed by the architect-engineering firm of record, ZGA Architects & Planners, Chartered (ZGA) to secure prices for the government estimate. These sources have been identified by ZGA as a result of the Task Order to design the Residential Mental Health Facility. Approval of these items as brand name is critical for overall efficiency of the completed project and the Boise facility as a whole.

9. Any Other Facts Supporting the Use of Other than Full and Open Competition:

None noted.

10. Listing of Sources that Expressed, in Writing, an Interest in the Acquisition:

See paragraph 8, above. It is the responsibility of the bidders and the successful general contractor to locate suppliers and obtain pricing for all building materials and components, including the items listed in this justification.

11. A Statement of the Actions, if any, the Agency May Take to Remove or Overcome any Barriers to Competition before Making subsequent acquisitions for the supplies or services required:

There will be competition for the overall procurement. It will be the responsibility of the bidders to obtain pricing from suppliers of the items and to submit a competitive bid for the project.

All subsystems and components listed in this justification were originally competed and the product offering the best value to the government was selected at that time. In the event the subsystems and components are ever replaced on a facility-wide basis, the procurement to replace the products will be competed in accordance with all procurement laws and regulations.

12. **Requirements Certification:** I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge and belief.

Name: Doug Lamb
Title: Chief, Facilities Management
Facility: Boise VAMC

4-25-12
Date:

13. **Approvals in accordance with FAR 6.304**

- a. **Contracting Officer's Certification (required):** I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.
