STERIS Reliance® Vision™  
High Quality Water/Washer

STERIS®  

## NEW HIGH-PERFORMANCE DESIGN FEATURES

### Productivity & Connectivity

- > Faster, optimized cycles
- > Touch screen, PC controls can interface with instrument tracking and OR scheduling
- > Longer spray arms and outward spraying nozzles for improved coverage
- > Large capacity for processing high volumes of medical devices, utensils and delicate instruments
- > Improved drying system
- > Integrated flow meters provide verification of chemistry injection rates, even down to the Prolystica® Ultra Concentrate levels
- > A<sub>0</sub> of 600 (capable of A<sub>0</sub> of 3000)

### Quality

- > Easy-to-clean spray arms: simple assembly
- > Self-flushing centrifugal filter system prevents spray arms from clogging and helps minimize maintenance
- > PC control is remote monitoring enabled allowing proactive/predictive repair for improved system uptime
- > Racks are capable of lumen flushing

### Safety

- > Ergonomic design enhances operator safety
- > Immediate-level disinfection phase helps reduce the risk of infection for patients and staff
- > Cool-touch handles on racks for safe handling of racks once they exit the washer
- > Environmentally friendly system uses less water, detergent and utilities
