Statement of Work

Michael E. DeBakey VA Medical Center

2002 Holcombe BLVD

Houston, TX 77030

SCOPE.

Title: Dialectical Behavior Therapy

DRAFT STATEMENT OF WORK FOR MENTAL HEALTH CLINICIANS TRAININGS IN DIALECTICAL BEHAVIORAL THERAPY FOR SUICIDAL CLIENTS

I.

PURPOSE: The purpose of this training is to provide 100 Clinicians with specialized skills in Dialectical Behavior Therapy (DBT) to treat/engage veterans who are at high risk for suicide completion or suicide attempts. Attendees will learn how to conduct psychotherapy groups for Veterans who are severely mentally ill and who have multiple chronic problematic behaviors (e.g. suicidality, substance abuse, post-traumatic stress disorder, major depression, homelessness, unemployment, etc.). Attendees learn the basic principles of cognitive behavior therapy (CBT), including the four main change strategies utilized in treatment – skills training, contingency management, exposure therapy, and cognitive modification. Attendees are taught the rationale for, and strategic levels of validation; validation is used to balance the focus on behavior change when working with clients. Attendees learn DBT group skills and strategies for keeping treatment moving forward as quickly as possible. DBT is a specialized therapeutic approach officially provided by the contractor.

II.

BACKGROUND: The South Central (VISN 16) Mental Illness Research, Education, and Clinical Center (MIRECC) at the Michael E. DeBakey VA Medical Center in Houston, Texas are seeking to enhance the clinical skills of 100 clinicians in order to reduce and minimize suicide risk factors. The MIRECC is a VISN-wide research and clinical education center funded by Office of Mental Health Services, VA Central Office. The MIRECC supports clinical training programs for

clinicians that the VISN 16 Mental Health Product Line and the Chiefs of Mental Health a for VISN 16 and VISN 17 medical centers view as priorities.

III.

TASKS:

TASK 1. The Contractor shall provide 100 Mental Health Clinicians a six month access to online training program on DBT Group Skills. Content of the online modules includes theory behind DBT and the DBT treatment approach, as well as specific skills used in group psychotherapies. Learners are expected to conduct their own DBT Skills Group after completing the online training program. The Contractor shall meet the performance requirements and standards as set forth in Attachment A.

TASK 2. The Contractor shall provide a qualified instructor, who is well versed in all subject matter to be covered, that can answer in depth questions on each topic, provide the required training in an online setting, using sound principles of adult learning to achieve the identified learning goals detailed below.

TASK 3. The Contractor shall be responsible for developing a course curriculum and delivering online training that includes principles, skills and strategies of Dialectical Behavior Therapy with the following learning goals and/or objectives:

- Develop specific skills to conduct DBT groups

Understand how skills training fit into the comprehensive treatment of DBT

- Lead teaching the Core Mindfulness Skills™
- Lead skills practice in group
- Explain the Interpersonal Effectiveness Skills
- Lead behavioral rehearsal in group, including the rapid rehearsal
- Overcome client objections during DBT Skills Training
- Teach Distress Tolerance Skills
- Problem solve clients' reluctance to use Distress Tolerance skills
- Teach Emotion Regulation Skills
- Lead homework review
- List the elements in skills coaching

- Discuss rationale for skills coaching

TASK 4. The Contractor must be aware that the participants are very seasoned mental health professionals as well as less seasoned mental health professionals. In addressing the curriculum, the Contractor must ensure that all participants understand the information being conveyed, without making the training laborious for those who may know much more.

IV. DELIVERABLES

Deliverable	Due Date	Format & POC
Draft course curriculum	Upon given online access codes	Online Access of each module given to the 54 Mental Health Clinicians
All necessary instructional materials including PowerPoint slides and articles, charts overhead transparencies, case studies, audio-visual media, recordings, modules, and other educational aides.
