Question: (Explain in detail)

1. The requirement for 90% of the work to be self-performed by the Contractor for a project of this size, scope & complexity is not feasible. We request that this self-perform percentage be waived or significantly reduced. Please advise.

Response:

The percentage of work to be self-perform by the Contractor for a project is changed from 90% to 10%.

I.9 52.236-1 (page 70 of 106) is change to read as follow:

The Contractor shall perform on the site, and with its own organization, work equivalent to at least 10 percent of the total amount of work to be performed under the contract. This percentage may be reduced by a supplemental agreement to this contract if, during performing the work, the Contractor requests a reduction and the Contracting Officer determines that the reduction would be to the advantage of the Government.
