1. Amendment 1 that was dated 05/11/17 states that the due date is extended, however, the date it listed as June 9, 2017 at 4:00pm was the original due date that was listed in the Solicitation. Was this a mistake. Please confirm the due date and time.

The due date has been extended via Amendment 2.

2. On the SF 1442 it states that "In addition to the guidance below in 13a. of the SF 1442, offerors must submit one electronic copy of their proposal to the Contracting Officer via Teasha.Abercumbie@va.gov." However, on page 34 of 94 it states " In addition to the paper copies identified above, the Offeror shall submit all proposal information in electronic format (CD)." Please confirm that the electronic version of our proposal is to be emailed to the address provided above and that we do not have to submit on the electronic format of a CD.

Email or CD is fine, so long as an electronic copy is received by the closing date.
