

1	1	<p>LOGIQ* P9 with articulating arm and extended warranty</p> <p>LOGIQ* P9 general imaging ultrasound system provides strong performances through ease of use and personalized system. Built upon Agile Acoustic Architecture technology, the LOGIQ P9 helps you achieve great images using innovative tools CrossXBeam (Spatial Compounding), SRI HD (Speckle Reduction Imaging in High Definition), and Coded Harmonics. Workflow features such as Raw Data for post-processing of images, Automatic Optimization, Easy 3D and Virtual Convex. The simple and compact design of the LOGIQ P9 include a 21.5 inch high-resolution color flat panel wide screen monitor with fully articulating arm, adjustable console, high cabinet, side tray, 10.4 inch wide color LCD touch screen, and four active probe ports. Scanning modes include B-Mode, M-Mode, Color Flow, Pulsed Wave, and Power Doppler. Other system features include: Windows** 7 operating platform, 776MB cine memory, approximately 500 GB internal hard drive, footrest, physical and digital user programmable presets, My Page, My Trainer, digital TGC, digital A/N keyboard and digital copy of user documentation (eDocs). Initial installation includes one-year standard warranty plus one-year extended warranty including probes and two days of On-site Applications Training. Training must be completed within six (6) months after Product delivery, otherwise GE Healthcare's obligation to provide the training will expire without refund. Additional On-site Applications Training days are available for purchase. Customer workflow permitting and abiding by SDMS criteria, sonographer install CE's may be provided during install training. *Trademark of General Electric Company **Third party trademarks are the property of their respective owners.</p>
2	1	<p>12L-RS Linear Array Transducer</p> <p>Multi-Frequency transducer with bandwidth between 5 and 13 MHz. Applications include: Small Parts, Peripherals, Vascular, Pediatric and Orthopedic Applications. FOV 38.4mm.</p>
3	1	<p>L8-18i-RS Linear array transducer 'hockey stick'.</p>

		L8-18i-RS Linear Array Surgical Transducer. 8-18 MHz broadband, multi-frequency capability. Applications include: Intraoperative & surgical procedures, small parts and vascular.
4	1	<p>ML6-15L (5-13MHz) Matrix Linear Array Transducer</p> <p>Wide band 5-13MHz matrix linear array transducer. Preferred Applications: Vascular, Neonatal, Pediatrics, Small Parts. Biopsy kit currently available.</p>
5	1	<p>C1-5-RS Transducer (USA PoC Only)</p> <p>C1-5-RS Wide Band Convex. Applications include: Abdomen, Obstetrics, Gynecology, Urology, Pediatric/Neonatal, Nerve Block, MSK, ER (FAST Pleural). Only for sale in USA PoC.</p>
6	1	<p>LP7 and LP9 DICOM</p> <p>DICOM option can be used through LAN, and provides print, store, multi-frame, modality worklist, verify, MPPS (Modality Performed Procedure Step), and storage commitment functionality.</p>
7	1	<p>LP7 and LP9 LOGIQView</p> <p>LOGIQView renders a panoramic image up to 60 cm for ligaments, tendons and muscles in long axis. It also allows you to see a wider field of view for comparing normal to abnormal anatomy.</p>
8	1	<p>LP7 and LP9 Scan Assistant</p> <p>Procedure automation program that intuitively assists the user with customizable system functions at each step of the study to streamline productivity, enhance consistency and reduce keystrokes. Scan Assistant automatically invokes exam imaging modes and parameters, advances to the next step in an exam, annotates the image, initiates measurements, and assigns the measurements to the worksheet/report. Offline Scan Assistant creator included to customize Scan Assistant programs.</p>
9	1	<p>LP7 and LP9 B Steer+</p> <p>B-Steer+ with pattern recognition technology to help highlight</p>

the needle and needle tip.

LOGIQ P9 Portability Pkg

The LOGIQ* P9 Portability Package expands the LOGIQ* LP9 portability profile by including Power Assistant Starter (H40262LP) and Wireless LAN option (H42802LL). Power Assistant Starter Kit includes Power Assistant hardware and battery. Power Assistant allows moving the system without a complete system shutdown and boot up power cycle. Wireless LAN option enables wireless DICOM** transfer. *Trademark of General Electric Company. ** DICOM is the registered trademark of the National Electrical Manufacturers Association for its standard publications relating to digital communications of medical information. Third party trademarks are the property of their respective owners.
