	Notes: OEC Clinical Excellence Onsite Training * Onsite training provided from 8am to 5pm, Monday through Friday. Includes all CIS travel and living expenses. ** Training produces the best results when a dedicated core group of technologists complete the session. Those who complete the entire OEC Clinical Excellence curriculum should be competent to perform the tasks required for basic operation of the system. Competency will be measured through a skills assessment completed while the CIS is on-site.
