MOLDED PANEL SERIES

MSRP 94.00

**Molded Panel Series 6 Panel Square Textured Door**

The Masonite Classics, including the Molded Panel Series, is the industry benchmark for all composite wood doors. This series utilizes a composite wood construction that results in a more durable door that resists warping, shrinking, and cracking better than a solid wood door. This series comprises the seven primary door designs you expect in an interior door line.

\* Available with hollow core or Masonite's Safe & N Sound® Solid Core construction for feel of solid wood with reduced sound transmission \* Doors available in 1-3/8" or 1-3/4" thicknesses; Bifolds available in 1-3/8" thickness; (see Size Chart for specific widths and heights). \* Constructed with composite wood for strength and durability. \* Door Facings are made with by-product wood chips reflecting Masonite's commitment to environmental excellence. See the Features of a Masonite Classics Door

# SILESTONE QUICK REFERENCE GUIDE

## Key Product Attributes Summary

- Made of Natural Quartz, the 4th hardest mineral found in nature
- The only countertop with built-in antimicrobial protection
- Scratch-, stain- and scorch-resistant
- Low maintenance - cleans with soap and water; never needs sealers
- Offers 15-year manufacturer's warranty

## Silestone Main Advantages: Cleaner, Safer Countertop Choice

- National Sanitation Foundation (NSF) approved
- GREENGUARD certified as safe for the kitchen indoor environment
- Antimicrobial protection to safely fight the spread of bacteria, mold and mildew, 24/7 for the life of the product

## Unique Silestone Characteristics

- Over 65 colors and two exceptional finishes
- Exclusive five-dimensional color process in the Mountain Series
- Largest fabrication and distribution network in the nation and recognized as the leader in the quartz industry
- Reliable inventory - 11 quartz production lines and over 20 distribution centers across North America

## EXCLUSIVE BENEFITS

### CLEANER

Silestone is the only countertop with built-in antimicrobial protection that safely fights the growth of microbes such as odor-causing bacteria, mold and mildew 24/7 for the life of the product.

### SAFER

Silestone has Certification under NSF 51 as a safe material for use in areas where food preparation could take place.

Silestone contributes to better indoor air quality because it has low-to-no emission (off gassing) of toxic chemicals into the indoor environment.

Silestone is GREENGUARD certified for low emitting interior building materials, furnishings, and finish systems used in educational (daycare and K-12) environments. All GREENGUARD Children & SchoolsSM products have been tested for their chemical emissions performance

## Elate™ kitchen sink faucet with pullout spray spout and lever handle

Dimensions and Measurements

K-13963-CP  
\$302.95 List Price

**COLOR:** Polished Chrome

Combining modern style with smart design features, this Elate kitchen faucet has a distinctive shape that enhances contemporary decor. The high-arch swing spout makes way for your largest pots and pans, and the pullout sprayhead allows for more effective cleaning and up-close tasks. At the touch of a button, the sprayhead switches from an aerated stream to a powerful spray to a convenient pause function. The ergonomic single side lever offers easy control of water temperature and pressure.

### FEATURES

- Single side lever handle is simple to use and makes adjusting water temperature easy.
- High-arch swing spout offers superior clearance for filling pots and cleaning.
- Three-function pullout sprayhead with touch-control

**BB1260**

Description	Sizes and Prices	Colors	Specifications	Reviews(90)	FAQ	Related Products(2)
-------------	------------------	--------	----------------	-------------	-----	---------------------

KSC Corner Guards end corner damage! Rigid, yet flexible polycarbonate; cleans easily, permanent color, easy installation. Low cost, good looking protection for hotels/motels, offices, commercial kitchens, shower areas, and all public buildings. KSC Corner Guards have high impact resistance. The color is permanent and easily cleaned with standard cleaning materials. Easy installation, too, using nails, screws, construction adhesive, or our new peel and stick option!

\*If installing with peel&stick option; all freshly painted surfaces should be cured for at least 30 days prior to installation.

**Overize Shipping Charge**  
A surcharge of \$15.00/per order will be charged for shipment of 8 foot corner guards.
