

REQUEST FOR INFORMATION

VISN 23 is requesting information for SB companies who offer the following goods or equivalent. **THIS IS A REQUEST FOR INFORMATION (RFI) ONLY:** The market research is looking to identify potential vendors who have the capabilities to offer the following: Automated robotic prescription dispensing solution equal to Scriptpro

A. Description & Salient Characteristics

It is essential that this system be completely compatible with, and interfaces to, the Veterans Integrated System Technology Architecture (VistA). This system must also include hardware and software that is completely compatible and interoperable with the Endicia Professional program, used in the automated shipping and tracking of prescription medication. The mission is to have an overarching system that uses bar code technology and identification to track the distribution of prescription medication to our patient population. The automated dispensing system shall be capable of filling 150 prescriptions per hour. The Contractor shall provide all necessary tools, interfaces, equipment, hardware, software, licenses, delivery, installation, warranty and training.

NAICS: 339112/541519/561990/541512

If your company sells the Equipment listed above please contact me at Joshua.Imdacha@va.gov and provide the following information and any additional information that you deem pertinent:

Company Name	POC	Phone Number	Email Address	Product(s)	Duns	Business Size

DISCLAIMER

This RFI is issued solely for information and planning purposes only and does not constitute a solicitation. All information received in response to this RFI that is marked as proprietary will be handled accordingly. In accordance with FAR 15.201(e), responses to this notice are not offers and cannot be accepted by the Government to form a binding contract.
