<b>PROJECT NAME:</b>	REPLACE UPS System	<b>DATE REQUESTED:</b>	06/16/2017
<b>SOLICITATION NO.:</b>	VA262-17-B-1095	<b>REFERENCE:</b>	
<b>DRAWING:</b>		<b>SPECIFICATION SECTION:</b>	
<b>DESCRIPTION OF PROBLEM OR INFORMATION BEING REQUESTED</b>			
<p>Please be specific as possible:</p> <p>Would VALLHCS consider an alternative solution for this project? Depending on site conditions and current UPS load, we feel we can provide a solution with a smaller footprint that meets your runtime and future growth requirements. The alternative solution would use two (2) modular UPSes in parallel supporting a 98KW capacity and N + 2 redundancy up to a 66KW capacity with a battery system sized for 2 hours at 50KW. This solution would meet the future growth of the specification up front.</p> <p>If VALLHCS is willing to consider this solution, we would need to know the KW load level on your existing UPS.</p>			
<b>PROJECT MANAGER'S RESPONSE</b>			
<p>The equipment was identified by IT. An alternative solution isn't advised.</p>
