Work to be done to trees, as indicated on the accompanying Tree Work Sheet (see Attachment A), shall consist of one or more of the following; tree removal, pruning, trimming, stump removal, cabling, cavity repair, root pruning, removal and disposal of resulting waste and debris.

The Certified Arborist shall be certified by International Society of Arboriculture, or other acceptable National or State certifying agency, society, or association.

GENERAL REQUIREMENTS

1. TREE REMOVAL/STUMP GRINDING:

1.1 Existing trees and stumps indicated on the Tree Work Sheet (see Attachment A) for removal shall be cut down under the instruction/guidance of a Contractor provided Certified Arborist.

1.2 All trees shall be topped prior to falling and all limbs over 3 ½" in diameter must be lowered to the ground by ropes. The Contractor shall take every precaution to prevent any falling branches or trees from damaging any headstones, adjacent plant material or structures.

1.3 The stumps are to be ground to a minimum of 6" and a maximum of 8" below soil level, or to the lateral roots, if reached before the specific depth. The Contractor shall never grind the stumps to the depth that would interfere with the roots of any adjacent tree(s) that the Government will retain. The cavity of the stump is to be filled with high quality, weed free topsoil and tamped to meet the existing grade.

1.4 All wood chip particles and debris from the tree and stump removal shall be cleaned up thoroughly and removed from the cemetery grounds.

1.5 Any damage or breakage during the performance of these services by the Contractor shall be repaired, replaced, given remedial and/or corrective treatment and cleaned up by the Contractor at the Government's satisfaction and at no additional cost to the Government.

2. PRUNING/TRIMMING STANDARDS:

2.1 The Contractor is responsible to ensure that all pruning cuts shall be made just outside the collar or shoulder ring (branch bark ridge/swollen trunk collar) close to parent stem so that healing can readily start under normal conditions.

2.2 The Contractor is responsible to ensure that when reducing the tree height and spread, he/she shall retain the natural shape of the tree by removing the entire lateral branches back to their point of origin also known as drop crotching, or thinning.

2.3 The Contractor is responsible to ensure that all limbs one inch in diameter or over must be precut to prevent splitting. All branches and/or tree material 3 1/2" in diameter or larger shall be lowered by proper lowering methods, such as using ropes.

2.4 The Contractor is responsible to ensure that all trees shall be pruned and shaped to retain the trees natural crown characteristics and patterns.

2.5 The Contractor is responsible to ensure that all trees shall have the live branches removed to permit penetration of sunlight and circulation of air through the canopy in conjunction to the aesthetic appearance, natural crown characteristics, and growth patterns.

2.6 The Contractor is responsible to ensure care when removing living and/or dead crossed or rubbing branches, where practicable, so the removal will not leave large holes in the aesthetic appearance, natural crown characteristics and growth patterns of the tree.

2.7 The Contractor is responsible to ensure that, when pruning trees known to be diseased or susceptible to diseases, tools are disinfected with alcohol after each cut and between trees, where there is known to be danger of transmitting the disease on the tools.

2.8 The Contractor is responsible for reporting to the Contracting Officer Representative (COR) all of the following conditions: when old scars are not healing properly; where callus growth is not already established; visible girdling roots, and when there are any structural weaknesses such as but not limited to decayed trunk or branches, and split trunk/branch crotches.

2.9 The following methods of pruning are NOT acceptable therefore, the contractor is responsible to ensure that these methods are never performed: topping, stubbing, de-horning, and pollarding.

2.10 The Contractor is responsible to ensure that in lifting the bottom branches of the trees for under clearance, care shall be given to symmetrical appearance, esthetic appearance, natural crown characteristics and growth patterns of the trees.

2.11 In general, the Contractor shall ensure when reducing the size of a tree and with respect to retaining the tree's natural crown characteristics and patterns, not more than 1/4 of the total area shall be reduced at a single operation, unless instructed in writing to do so by the COR.

2.12 The Contractor is required to dispose of all debris and other waste materials generated by his/her work at a licensed off-site landfill or recycling center, unless otherwise directed in writing by the COR. NOTE: The Government shall NOT provide receptacle(s) for disposal of debris related to this contract.

2.13 The Contractor will take all necessary precautions to prevent damage to trees while performing pruning. The use of climbing spikes is prohibited, unless prior permission is obtained from the COR in writing, and on a tree by tree basis. This permission will only be granted in cases where there are no other means to access the work to be performed, as determined by the COR.

3. PERIOD OF PERFORMANCE:

The period of performance for this contract will be from award of contract until accepted completion by Government which shall be no longer than a period of **30 calendar days**.

4. WORK HOURS AND MEETINGS:

All work shall be performed during the normal working hours (8:00 a.m. to 4:30 p.m.), Monday through Friday, except with the written permission of the COR. The point-of-contact shall be available on a 24-hour basis during weekends, Federal Holidays and after normal hours of operation. The Contractor is to provide phone, pager and cell phone numbers for emergency and/or after hours situations.

5.1 The Contractor shall respond to all emergency requests within one hour of the initial emergency call. Repairs shall be made as expeditiously as circumstances allow and/or within 24 hours upon initial emergency call. Emergency requests warrant more rapid than routine response in order to safeguard the situation and secure the parameters to ensure a safe condition. The Contractor shall keep the COR fully informed of the situation and what action will be taken to secure and correct the situation.

5.2 The Contractor shall coordinate with the COR daily for the purpose of establishing a work schedule and to ensure that no work is being performed at the immediate site of a scheduled interment or ceremony. These daily meetings are also an opportunity for the Contractor to ask questions and ensure he/she understands the off-limit areas, which may vary, depending on the event. The site manager can thus assign tasks accordingly throughout the rest of the Cemetery - so that productive use of labor and equipment is assured, and downtime is avoided. If the Contractor fails to re-direct employees away from an event in a timely fashion, the COR may then do so.

5.3 A list of scheduled ceremonies will be provided the week prior to the event, and a list of scheduled funerals will be provided the day prior to the service. The Contractor is solely responsible for ensuring that no contract work causes any funeral, ceremony, procession or visitation to be delayed, altered, or otherwise impacted in such a way that the dignity or security of the event is compromised. The Contractor is solely responsible for staying abreast of all such upcoming events and when in doubt, he/she must ask the COR. The Contractor shall meet with the COR at the end of each day to determine work completed and ensure that work is on schedule.

5.4 In the absence of the COR, the Contractor shall meet with the Alternate COR and/or Grounds Foreman of this contract. The COR for this contract shall be Mr. Joe Martinez. Telephone numbers will be provided upon award of the contract.

5.5 The Contractor may be required when deemed necessary by the COR to attend a meeting with the COR or other Government personnel.

END OF STATEMENT OF WORK

B.4 DIGNITY STANDARDS

1. Every action by contractor personnel at a National cemetery must be performed with the special care, reverence, dignity, and respect that acknowledge the cemetery as the final resting place that commemorates the service and sacrifice that service members, Veterans and their families made for our Nation. Critically important is the awareness required of the contractor employees of the remains buried in the grounds where the work is performed. The utmost care must be given to these remains and the headstones and flat grave markers that mark those gravesites and memorialize the service of individuals.
 - a. Contractors cannot walk, stand, lean, sit or jump on headstones or markers. Nor can they drive over them. Contractor personnel should use tools approved by the Contracting Officer Representative (COR), such as shovels, pry bars or pinch bars to lift flat markers out of the ground; pick axes are not an acceptable tool.
 - b. No tools, equipment or other items will be placed or leaned on headstones or markers. Once headstones/markers are removed from the socket, do not place on dirt piles or mud; they should be carefully placed on each associated gravesite and protected in such a way as to prevent any soiling and be out of the way of any other work.
 - c. Contractor shall be responsible for replacing damaged headstones and markers and for restoring turf damaged during performance of this work.
 - d. Additionally, should any activity result in the exposure and/or damage to any remains, container for remains (i.e., casket or urn), or outer burial container, the Contractor must contact the COR, Director/Assistant Director, or Contracting Officer (CO) for guidance.
2. Any doubts as to proper procedures shall be brought to the attention of the COR, Director/Assistant Director, or CO for guidance or resolution.
3. The Contractor is required to discuss the guidance with this Contractor employees and have each employee sign a statement of compliance and deliver the signed statement to the COR before work may begin.

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$300.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor—

(1) Any order for a single item in excess of 30,000.00;

(2) Any order for a combination of items in excess of 100,000.00; or

(3) A series of orders from the same ordering office within 7 days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the required 30 days from date of award (or if an Extension of Services is awarded).

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. An offer may be withdrawn in person by an Offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. (h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The Offeror certifies, to the best of its knowledge and belief, that the Offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms.

The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
