Rational/explanation to support cited authority:

VISN 6 is currently using Computritition equipment and software in their facilities. Computritition offers a wide array of ~~products~~ and services that help you plan, organize, and manage your operations. FOM software delivers boundless management features, providing accessibility to valuable information. The system helps to maintain accurate inventory levels, administer effective menu programs, reduce food waste and achieve an overall cost savings. It would not be cost effective to change the company nor the system for the entire VISN. Only Computritition can provide the updated software and license to their existing equipment.

5. BRAND NAME ONLY: This buy is estimated to exceed \$25,000 and this documentation will be posted along with the RFQ on e-Buy, as required by [FAR 8.405-6\(b\)\(3\)](#).
6. Note that this determination satisfies the requirements of [FAR 8.405-6](#). The requirement to prepare a written justification [IAW FAR 6.303](#) does not apply to Federal Supply Schedules.
