5. Demonstration that the Contractor's Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above (applicability of authority):

Fire Safety — Edwards EST — see Specification Section 28 31 00: Restriction of sources for this acquisition is justified in accordance with FAR 8.405-6(b)(3), the item is peculiar to one manufacturer. Although there are other manufacturers of fire alarm equipment that can meet the

Government's minimum requirements, it is not in the Government's best interest to award an acquisition to any other brand. The Edwards EST fire alarm system is exclusively used at this facility and it is in the VA's best interest to maintain consistency of the life safety system. Use of other manufacturers would lead to storing additional inventory, functioning issues due to non-compatibility with existing equipment, multiplicity of service contracts, and increased training and operator requirements.

6. Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable: A Notice of Intent to Sole Source Fire Safety — Edwards EST will be posted on FedBizOpps with the solicitation. Offerors will be able to obtain Fire Safety — Edwards EST from various distributors and sources available in the open market.

7. Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable: Based on the information above, it is hereby determined that this written justification for a particular brand names, is essential to the Government's requirements, and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet the agency's needs. Therefore, these products will be specified as a brand name for this construction project as only these products meet the Government's needs. This procurement is an RFP, resulting in a firm-fixed price contract award. The contracting officer, IAW FAR 13.106-3(a)(1), anticipates the offered price to be fair and reasonable based on adequate price competition. Certified Cost or pricing data and audits are not required.

8. Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted: The existing Fire Alarm System throughout the entire Lebanon VAMC facility is Fire Safety — Edwards EST. The Fire Alarm System requires the same manufacturer in all facilities throughout the campus. A small percentage of addressable fire alarm parts can be other manufactures but the system in its entirety, including the back bone equipment must be Edwards EST to be compatible with the campus connected fire alarm system. Market research was conducted, and no entire system will be compatible with the Edwards/EST fire alarm system. Only a small percentage of non-Edwards/EST smoke and heat detectors would work in the system as components. The remainder of the system components must be Edward/EST, and the system must be installed and programed by a certified Edward/EST company.

9. Other Facts Supporting the Use of Other than Full and Open Competition: All the specifications and drawings and engineering descriptions associated with Project #595-14-108 have been developed identifying the Fire Safety — Edwards EST as the standard system throughout the Lebanon VAMC.

10. Listing of Sources that Expressed, in Writing, an Interest in the Acquisition: See Section 6 above.

11. A Statement of the Actions, if any, the Agency May Take to Remove or Overcome any Barriers to Competition before Making subsequent acquisitions for the supplies or services

required: In the future if there is a requirement to re-alarm the entire facility with fire alarm system, that requirement would be competed.

12. Requirements Certification: I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge and belief.
