

THE CROWN
ADVANTAGE

WP SERIES

BUILT TO HANDLE ANYTHING.

Life is tough for walkie pallet trucks. They must maneuver in tight spaces, withstand impacts, deliver power on demand and give operators controlled performance.

Crown's WP 3000 Series offers superior long-term value because it's **Built Rugged, Proven Reliable and Operator Preferred.**

Discover why the WP 3000 Series is considered the Workhorse of the Warehouse:

Built Tough to Endure

Crown's WP 3000 is engineered with heavy-gauge steel, robust helical gears and a cast aluminum control handle to withstand the most demanding applications.

Durable Design

The WP 3000's undercarriage and fork tips are designed for reduced wear and longer life. A 30% improvement in underclearance, boxed-in fork tips and replaceable steel wear blocks reduce operating costs and extend truck life.

Eliminate Downtime

A brushless AC drive motor, e-GEN[®] braking system and sealed charger virtually eliminate routine maintenance and adjustments common with other brands. It adds up to greater reliability and more uptime.

Handle with Ease

Crown's innovative X10[®] handle features advanced ergonomics so operators experience less fatigue and work more efficiently. Blending of travel and lift/lower functions is easy thanks to the unique design of the thumb wheel and raise/lower buttons.

Maneuver Confidently

The WP 3000's superior stability system, precise controls, brake override feature and ramp hold improves operator confidence and productivity.

Choose Crown's WP 3000 Series, the world's toughest and most productive walkie pallet truck.
