

Attachment D**Addendum to 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014)**

- (a) In accordance with the procedures of FAR 12.6, the Government will award a contract resulting from this solicitation on the best value basis to the responsible contractor whose offer conforms to the solicitation.

Quotes will be based upon the following criteria: Technical, Past Performance and Price.

Technical. Each technical quotation will be evaluated to determine if the vendor provides a sound, compliant approach that meets the requirements of the Statement of Work (attachment B) and demonstrates thorough understanding of those requirements. Technical evaluations shall utilize the evaluation listed in Table 1.

TABLE 1- Technical Evaluation	
Evaluation	Description
Acceptable	Quote must accompany product literature, technical features and one year standard warranty. Evaluation will be based upon conformance to the SOW (attachment B), meeting or exceeding VISN 8 requirements for in store and shoe mobile services.
Unacceptable	Quote that does not conform to the Statement of the Work; absence of product literature for product to be supplied, technical features do not meet ASTM and OSHA requirements and no one year warranty.

Past Performance. The Past Performance evaluation assesses the degree of confidence the Government has in an offeror's ability to supply products and services that meet users' needs based on a demonstrated record of performance. Past performance information must be recent (within the past five years) and relevant (same or similar) to be considered. The Government will evaluate Past Performance using data archived in the Performance Information Retrieval System (PIRS). Contractors may submit up to three (3) past performance references that depicts delivery of similar supplies and performance of similar services.

TABLE 2 – Past Performance	
Evaluation	Description
Acceptable	Contractor's performance located in Performance Information Retrieval System (PIRS) and/or evaluations on past performance references must be satisfactory or higher.
Neutral	Contractor with no recent and relevant Government past performance history.
Unacceptable	One or more evaluations on PIRS or any submitted evaluation with a rating lower than satisfactory.

Price: Lowest overall price for the quote that is the best overall value considering a comparison of quoter's technical and past performance.
