If it is not, VA will be responsible for making it free and clear; contractor may assist with making the existing conduit/pathway free and clear if requested by VA in the form of a written change order.

J. CONTRACTOR EXPERIENCE REQUIREMENTS

The VA will determine on a SR basis what positions are considered key personnel. The contractor shall identify, by name, the key management and technical personnel who will work under this task order at the time the work is being negotiated.

If a key person becomes unavailable to complete the SR, the proposed substitutions of key personnel shall be made only as approved directed by the Contracting Officer and the COTR. The VA will not dictate specific experience and education requirements of the employees initially proposed to perform the work stated herein. **The contractor shall submit a**

resume of qualifications to the COR for key personnel and all other direct employees proposed for the project. All contractor employees will be approved by the COTR prior to bringing on duty. If, at any time from date of award to the end of the contract, non-key Contractor personnel are no longer available, HES/HIS reserves the right to review qualifications of proposed replacement personnel and to reject individuals who do not meet the qualifications set forth in the TLO. Team personnel proposed by the contractor should possess some of the following knowledge and/or skills: **Design and implementation of high-performance communications solutions. Knowledge/experience in the areas of audio visual, structured communications, cabling, wireless, and network security.**

The contractor must notify VA in advance, and VA will approve or reject, proposed contractor key personnel for the performance of this contract. The contractor shall submit a resume of qualifications to the COR for key personnel and all other direct employees proposed for the project. All contractor employees will be approved by the COR prior to bringing on duty. If, at any time from date of award to the end of the contract, Contractor personnel are no longer available, the VA will approve the qualifications of proposed replacement personnel and will reject individuals who do not meet the qualifications set forth herein. **The contractor must inform the VA COR, Project Manager and/or Task Manager when personnel are removed from the contract for any reason.** The Contractor shall remove any employee from the performance of this contract within five (5) workdays of receiving notice from the Contracting Officer that the employee's performance is unsatisfactory. All Contractor employees are subject to immediate removal from performance of this contract when they are involved in a violation of the law, VA security, confidentiality requirements and/or other disciplinary reasons.

- The contractor must inform the VHA COR, and Project Manager/Task Manager when personnel are removed from the contract for any reason.
- If a key person becomes unavailable to complete the SR, the proposed substitutions of key personnel shall be made only if approved by the COR and Project Manager.
- The contractor shall submit a resume of qualifications to the COR for all direct employees proposed for the project. All Contractor employees will be approved by the COTR prior to bringing on duty.

The VA shall not be liable for further payment of any Contractor employee that VA requires the Contractor to remove from the performance of this contract. VA's payment liability, for unsuitable Contractor employees, ends five working days after Contractor's receipt of "removal request" for unsatisfactory performance and immediately for any violation of law, VA security, confidentiality requirements and/or other disciplinary action.

Time and Materials Task Orders

When anticipating a time and materials task order, describe the level of expertise that is required of contractor personnel. Take care only to require expertise that is commensurate with the current functional requirement. Also, ask the contractor to provide references of all work underway and completed over the last few years; that is of the same nature and level of effort as the anticipated work. Notice that it is recommended that references be sought for all work over the past few years. By requesting references from all of the contractor's clients, past and present, you remove the contractor's ability to eliminate bad references. This is a way to weed-out contractors who lack the needed expertise for your project.

Firm-Fixed-Price Task Orders

Typically, the VA does not mandate a particular level of expertise for firm-fixed-price task orders. The reason is that the VA specifies a functional end result for which the contractor proposes a firm-fixed-price. The contractor assumes all risk to provide the specified deliverable by the due date, with the proposed technical team, or may be charged liquidated damages. The better approach is to require the contractor to provide details of the proposed personnel's experience so that the VA can make a judgment as to whether the contractor has adequately staffed the project. Then, if the VA's evaluation team has an issue with the proposed team, the issue can be raised with the contractor during the pre-award phase of the acquisition process. If the VA concludes that the contractor's workforce is lacking the appropriate experience, we can reject the proposal.

L. CONFIDENTIALITY AND NONDISCLOSURE

It is agreed that:

1. The preliminary and final deliverables, and all associated working papers, application source code, and other material deemed relevant by VA which have been generated by the contractor in the performance of this task order, are the exclusive property of the U.S. VA and shall be submitted to the CO at the conclusion of the task order.

2. The CO will be the sole authorized official to release, verbally or in writing, any data, draft deliverables, final deliverables, or any other written or printed materials pertaining to this task order. No information shall be released by the contractor. Any request for information relating to this task order, presented to the contractor, shall be submitted to the CO for response.

3. Press releases, marketing material, or any other printed or electronic documentation related to this project, shall not be publicized without the written approval of the CO.

M. CONTRACTOR PERSONNEL SECURITY REQUIREMENTS

All contractor employees who require access to the Department of Veterans Affairs' computer systems shall be the subject of a background investigation and must receive a favorable adjudication from the VA Office of Security and Law Enforcement prior to contract performance. This requirement is applicable to subcontractor personnel requiring the same access.

For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) Are, are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with

the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
