Proposal Evaluation:

Award Criteria

Award of this requirement shall be made to the offeror whose quote offers the greatest value to the Government. Technical factors, including past performance, when combined are approximately equal to price.

Technical Evaluation Factors: The evaluation shall consider the offerors' response to the following factors as well as past performance and the contracting officer's knowledge of and previous experience with the services being purchased.

1. Past Performance. Using Attachment C, provide contract numbers and government points of contacts and/or commercial companies for similar efforts performed within the last five years. The list shall include a description of the project and contact person with phone number and email address.

2. Qualifications of Company. Provide performance plan to provide the services required under this solicitation. The company's qualifications will be evaluated by how well the quoted services meet the Government requirement at stated in the Statement of Work

Price: While price is not the primary evaluation factor in this requirement, it is important and will be considered when determining contract award.
