**DEPARTMENT OF VETERANS AFFAIRS  
OFFICE OF RESEARCH AND DEVELOPMENT  
STATEMENT OF WORK  
Study on Veterans Affairs Extramural Funding**

**SECTION 1: PURPOSE**

The purpose of this Performance Work Statement (PWS) is to award a contract to complete a Study on Veterans Affairs (VA) Extramural Funding. To support the tasks identified below requires an experienced and cohesive team of scientific, technical and administrative professionals who can demonstrate a comprehensive understanding of the requirements to conduct a study on VA extramural funding and produce acceptable deliverables within the required timelines while meeting cost, schedule and performance requirements.

**SECTION 2: BACKGROUND**

Though providing high quality health care to our nation's Veterans is a crucial component of the Department of Veterans Affairs' (VA) mission, the VA also conducts an array of research on some of the most difficult challenges facing medical science today. The VA Office of Research and Development (ORD) oversees thousands of research projects in such research areas as aging, women's health, post-traumatic stress disorder, cancer, genomics, ischemic heart disease, diabetes, mental health, spinal cord injury, traumatic brain injury, regenerative medicine, engineering prosthetics/orthotics, substance abuse disorders, obesity and hypertension. More than 15,000 research projects are currently conducted at 115 VA medical centers in the areas of biomedical, clinical, rehabilitation and health services research. While VA research has improved medical care for Veterans and the nation, VA contributions to medical knowledge have won VA scientists many prestigious awards, including the Nobel Prize.

ORD aspires to discover knowledge, develop VA researchers and health care leaders, and create innovations that advance health care for our Veterans and the nation. ORD is the research arm of the Veterans Health Administration (VHA). The major emphasis of ORD is to advance VA medical research and development programs that address veterans' needs, with an emphasis on service-connected injuries and illnesses, and that contribute to the Nation's knowledge of disease and disability. A secondary benefit of these research endeavors is the transfer to the healthcare delivery system of new and beneficial technologies resulting from research conducted throughout the VA medical centers. The Department of Veterans Affairs, in accordance with Public Law (P.L.) 100-322 [now codified at sections 7361-66 of title 38, United States Code (U.S.C.)], has 83 Nonprofit Research & Education Corporations (NPCs) at VA medical centers (VAMCs) throughout the Veterans Health Administration (VHA). P.L. 100-322 allowed the establishment of private, state-chartered, nonprofit entities to provide flexible funding mechanisms for the administration of funds, other than those appropriated to VA, for the conduct of VA-approved research. Congress expanded the NPCs' authority to include support for VA's education and training missions. The fundamental purpose of NPCs is to serve Veterans by supporting VA research and education in order to improve the quality of care that Veterans receive. From 2006 – 2015, the NPCs contributed \$2.2 billion to VA research and education. There are 83 NPCs located in 44 states, Puerto Rico, and the District of Columbia. Under title 38, U.S.C., section 7366(b), NPCs must submit to the Secretary of VA a detailed statement of their operations, activities and accomplishments during the previous year. The legislation allows the NPCs to partner with VA Academic Affiliates. Based on the

nature of the relationship between the VAMCs and their academic affiliates, investigators may apply for grants from other Federal agencies, including the National Institutes of Health (NIH), and conduct the research at their affiliated universities.

NPPO's Mission: Provide oversight and guidance for the VA-affiliated research and education corporations (NPCs). Serves as the primary point of contact between VHA and NPCs, and between VA and others on matters concerning NPCs. More information can be found on the [NPC homepage](https://www.research.va.gov/programs/nppo/default.cfm): <https://www.research.va.gov/programs/nppo/default.cfm>

To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. (i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

#### Evaluation:

The evaluation of offers received in response to the solicitation will use a tiered or cascading order of precedence. "Tiered evaluation of offers," also known as "cascading evaluation of offers," is a procedure used in negotiated acquisitions when market research is inconclusive for justifying limiting competition to small business concerns or sub-categories of small business concerns. The contracting officer—

- (1) Solicits offers from both small and other than small business concerns that will be evaluated in the following tier order:
  - (a) service-disabled veteran-owned small business (SDVOSB);
  - (b) veteran-owned small business (VOSB);
  - (c) all other small business concerns;
  - (d) other than small business.

- (2) If an award or a sufficient number of awards cannot be made at the first tier, evaluation of offers will proceed at the next lower tier until an award or a sufficient number of awards can be made.

Evaluation will be based on Technical, Past Performance and Cost Factors. Technical and past performance, when combined, are more important than Cost. Commercial Items applies to this requirement. The Government will award a firm fixed price contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation; will be most advantageous to the Government, price and other factors considered. Evaluation will be performed as follows:

#### Evaluation Factors

##### Technical

##### 1. Proposal Submission

The Offeror's quote shall be evaluated for its detailed discussion and Offeror's approach to proposed solution(s) and demonstrated ability to perform the type of work described by this Statement of Work (SOW), and the qualifications of the Offeror's technical expertise management approach. The proposal must detail the Offeror's technical approach for fulfilling the requirements and adequately address all aspects of the Statement of Work and deliverables. The Offeror's proposal must address the following:

- Understanding the Requirement: Technical quote shall clearly demonstrate an understanding of the requirements, the context, and the scope of the project.

- Methodology: Technical quote shall clearly demonstrate an understanding of VA research funding mechanisms and partnerships with academic affiliates as well as NIH grant procedures, financial and data analytics.
- Appropriateness/Completeness: Technical quote shall be complete and specific to the tasks. The plan to carry out the study should be logical and should address all key research questions and the project goals and timeline should be reasonable for the allotted time.
- Project/Program Management skills
- Understanding of VA's security environment
- Availability of Resources, e.g. facilities, capacity for data processing, etc.

#### Cost

1. Offeror must submit a cost proposal as a separate document and provide sufficient information for the Government to determine fair and reasonable pricing.

#### Past Performance

1. Proposal must list up to three contracts for products of a similar type, scope, size and complexity that are ongoing, or have been completed within the past five years. Proposal shall be evaluated based on submission of the required number of previous contracts demonstrating past performance. The Government shall make a subjective assessment of the Offeror's current/past performance. The Government shall determine whether the Offeror has consistently demonstrated adherence to contract terms and conditions and a commitment to customer service; commitment to quality of products provided; commitment to quality of contract-related services performed; commitment to providing the products required by customers by commitment to accuracy of reports; commitment to timeliness of deliveries, product price accuracy, and completeness of contract product prices invoiced; adherence to fill-rate requirements; business-like concerns for customers' interests, and reasonable and cooperative behavior. The Government shall take into consideration the Offeror's experience on the depth, breadth, relevancy, and currency for contracts similar to this procurement. Offerors not able to submit the minimum number of previous contracts will be given a neutral rating. Interviews with previous customers may or may not be conducted.

NOTE: Past Performance evaluations may be conducted using information obtained from the National Institutes of Health (NIH), Contractor Performance System (CPS) or Past Performance Information retrieval System (PPIRS), and any other sources deemed appropriate. In the event no meaningful or relevant past performance is available, the Offeror shall not be evaluated favorably or unfavorably.

The Government intends to make an award based on the initial quotations. If further questions are required, the contracting officer may contact the Offeror or Offerors. Award may be made without discussion. Award will be made to the responsible Offeror whose quotation conforms to all solicitation requirements, such as terms and conditions, representations and certifications, technical requirements, and also provides the best value to the Government based on the results of the evaluation

A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

## E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (JAN 2017)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). (b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;

- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples

shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile

offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
