Reference/Subject: Access Gate Override Switch Location

Spec.Section No./Title: _____ **Page/Art./Para.** _____

Drawing No.: E2.6 **Plan/Detail/Schedule:** _____

Question: (Explain in detail)

Please note the access gate override switch shown on the ACCESS GATE WIRE DIAGRAM on sheet E2.6 of the bid documents indicates said gate override switch is to be provided within the security office. However, the documents do not appear to identify the location of the security office intended to house said switch. Please clarify, is it intended to be the small guard booth that sets in the center of the street directly across from this gate arm? Please clarify.

Response:

In the small booth inside the garage. It is shown on drawing A1.1 and labeled Viewing Booth 301.
