**Question: (Explain in detail)**

Is it the design intent for the DCVAMC hospital's Security system vendor to provide the magnetic door power supplies, locks and switches for the access control card reader system?

---

**Response:**

Security vendor shall provide the interface with the existing access control system and all of the hardware and cables specified in section 28 13 00 - Physical Access Control. Builder's hardware including electrified locksets are specified in section 08 71 00 – Door Hardware. Power supplies for electric hardware and cable to electric hardware is part of this work. Automatic door operators are specified in in section 08 71 73 - Automatic Door Operators. Power supplies, cable, and interface with the electrified hardware is part of this work.
