that reflects the result of the above licensing and support. This information should include, as appropriate, the customer, site, contract numbers and the product quantities. If product descriptions and/or part numbers have changed, the new information should be provided. This information will be provided electronically to the AACLicense@VA.GOV mailbox.		

In performance of this effort, the contractor shall not perform a function that requires access to a VA system or VA sensitive information (e.g., system administrator privileged access to a VA system, or contractor systems or processes that utilize VA sensitive information). Additionally, the contractor shall not connect one or more contractor-owned IT devices to a VA internal trusted network. Finally, this acquisition does not involve the storage, generating, transmitting, or exchanging of VA sensitive information.

Period of Performance: The period of performance is October 1, 2017 through September 30, 2018, with two subsequent 12-month options.
