EVALUATION

(a) The Government will award a contract resulting from this solicitation to the responsible Quoter whose Quotation conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate QUOTES:

PART 1- General information

1.1 SOURCE SELECTION USING THE LOWEST PRICE TECHNICALLY ACCEPTABLE PROCESS (LPTA)

1.1.1 This is a competitive Request for Quotation (RFQ) using a Five (5)-Tier cascading set-aside procedure. The set-aside requirement will be as follows:

First (1st) Tier: Service Disabled Veteran Owned Small Businesses (SDVOSB)

Second (2nd) Tier: Veteran Owned Small Businesses (VOSB)

Third (3rd) Tier: 8(a)

Fourth (4th) Tier: Women Owned Small Business

Fifth (5th) Tier: Small Business

Cascading process will be used in conjunction with FAR Part 8, LPTA source selection process. Award will be made to a responsible offeror on the basis of the lowest evaluated price of Quotes

meeting or exceeding the acceptability standards for non-cost factors; only where adequate/sufficient competition is received at a given tier.

Adequate competition exists if; (1) proposals are received from at least two responsible offerors; (2) each of whom can satisfy the contract's requirements independently; (3) both contend for a contract which will be won by the offeror who submits the lowest evaluated price meeting or exceeding technical requirement and; (4) price is reasonable.

1.1.2 The government will rank order the price quotation from lowest to highest. If the lowest priced offer receives an "Acceptable" Technical rating, then the evaluation process concludes and the government will make preparations for contract award. If the lowest priced quotation is not rated "Technically Acceptable", then the evaluation process continues until a technically acceptable quotation is determined

PART 2- Evaluation Factors

2.1 RELATIVE IMPORTANCE OF PRICE TO THE TECHNICAL EVALUATION FACTORS

2.1.1 The evaluation factors are Price and Technical. Price is significantly more important than technical. The technical evaluation factor consists of Experience, Quality Control and Past Performance. When evaluating offers using the LPTA process, the non-price factors are evaluated to determine which responses are "technically acceptable". Award is made to the contractor who is technically acceptable and has the lowest price.

2.1.2 PRICE FACTOR - Offers will be ranked according to the most favorable proposed firm fixed price with the lowest priced offeror ranked first. Price will not be evaluated other than to ensure price reasonableness. The Government may use various price analysis techniques and procedures to ensure a fair and reasonable price. Note: The government reserves the right to publically release the total contract award price and all potential offerors submit their quotation based upon this understanding. Services will be itemized by the following: Transformers' replacement work and Energy report.

2.1.3 TECHNICAL FACTOR: Note: The Technical factor consists of the following elements:
Experience and past performance. The offeror's technical quotation must separately address each element. The overall technical quotation will be rated acceptable or unacceptable. To receive a overall acceptable rating, each element of the technical factor must also be rated acceptable.

- The Quoter shall comply with all applicable federal, state and local requirements for protecting the safety of the contractor's employees, building occupants and the environment. In particular, all applicable standards of the Occupational Safety and Health Administration (OSHA) shall be followed when working in accordance with this service contract.

The Contractor and/or Sub-Contractor shall perform the corrections required in this document in accordance to National Fire Protection Association 99 (NFPA99) and the American Society of Safety Engineers (ASSE) Standard 6000, Sections 6010, 6020 and 6030. NFPA 99 and ASSE appropriate

credentials are required - Medical Gas Certifier/Verifier ASSE 6030, Medical Gas Inspector ASSE 6020, and Medical Gas Installer ASSE 6010.

Failure to provide required Certifications will result in a Quotation being ineligible for award and being considered non-responsive.

- Please refer to Scope of Work- Competency Requirements

2.1.3.1 EXPERIENCE — The quotation shall include the following: Note: To be considered responsive to this Request for Quotations, the offeror must identify one recent and relevant to Medical gases Inspection project to demonstrate acceptable experience & past performance. The same project will be used to evaluate both factors;

- The Quoter shall describe one (1) project to demonstrate recent and relevant experience
- Describe any difficulties and or obstacles encountered during performance and steps taken to resolve these issues
- Identify key personnel and their duties and responsibilities
- Describe any unforeseen conditions and how were they resolved

2.1.3.2 PAST PERFORMANCE — Past performance must be relevant and recent. Relevancy is similar hospital services' projects and price. Relevant contracts include projects in a hospital environment with similar type of work and same price range. Relevancy is defined as performance within the last four (4) years through the solicitation release date. The contractor can identify contracts that include Federal, State, and local government and private for efforts similar to the Government requirement. The Government will take into account past performance information regarding predecessor companies, key personnel who have relevant experience or subcontractors that will perform major or critical aspects of the requirement when such information is relevant to the instant acquisition. The Government will consider this information, as well as information obtained from any other sources, when evaluating the offeror's past performance.

2.1.3.2.1 Provide point of contact (references)

Note: Any offeror that does not submit one (1) relevant and recent past performance project will be considered non-responsive.

PART 3- Quotation Preparation Instructions

3.1 To insure timely and equitable evaluation of quotation, offerors must follow the instructions contained herein. Quotes are required to meet all solicitation requirements, including terms and conditions, representations and certifications. Failure to meet a requirement may result in a offer being ineligible for award and being considered non-responsive.

3.2 Government will be accepting quotation via e-mail: Rafael.Rodriguez2@va.gov

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
