7. **Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable:**

Fair and reasonable pricing will be determined in accordance with FAR 13.106-3(a). Pricing will be evaluated to be fair and reasonable based on a comparison to the Independent Government Cost Estimate (IGCE) and established Medicare Resource Utilization Group (RUG) rates and or Medicaid by the state of Nevada for nursing home facilities and established VA nursing home rates. The Government estimate was prepared based established Medicaid RUG rates for various levels of care and established VA nursing home rates based on VA national guidelines for determining cost for VA nursing home contracts.

8. **Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted:**

Market research conducted on a limited basis to the limitation of the geographic area. Research was conducted to establish CNH contract services located throughout the local VA's catchment area to provide nursing home services to Veterans near or as near as possible to family and friends. Market research for future agreements is dependent on the needs of the patients and resources of the VA Medical Center which is customarily administered by Social Work service.

9. **Any Other Facts Supporting the Use of Other than Full and Open Competition:**

VHA Handbook 1143.2 allows for a level of veteran choice in choosing a nursing home close to the veteran's home and family. The geographic factor in these circumstances makes this requirement unique and, therefore, not subject to competition.

10. **Listing of Sources that Expressed, in Writing, an Interest in the Acquisition:**

No other nursing homes located in the same proximity as South Lyon Medical Center have expressed interest in establishing a contract with the VASNHCS. However, any nursing home that expresses interest in contracting with the VASHNCS shall be evaluated and considered for a contract, based on the VASNHCS geographical need, specific care needs, and quality of care.

11. **A Statement of the Actions, if any, the Agency May Take to Remove or Overcome any Barriers to Competition before Making subsequent acquisitions for the supplies or services required:**

Based on the inherent nature of the service and in line with VA policy where the veteran and his/her family plays a role in determining which nursing home facility will provide treatment for the veteran, the opportunity to increase competition is limited. Notwithstanding the foregoing limitations, the Government intends to post an open and continuous Request for Proposal (RFP) in fiscal year 2018 to increase the number of community nursing home providers, so that when new beneficiaries are brought into the program they will have more available choices thereby increasing competition. This RFP will further publicize the VA's need for nursing homes in certain geographic areas across the VISN.
