

Question #	Question	Government Response
1	Will there be a change in the Firestop Spec?	Revised spec Section 07 84 00 Firestop, incorporating the requirement to use only HILTI FS-1 for firesafing sealant added by amendment 1
2	If the due date for this project is going to be extended due to the storm can you please advise bidders asap?	Proposals for this project are now due Monday, September 25, 2017 at 3PM
3	Can you please provide a specification for asbestos abatement? Section 010000 1.3 A states there is asbestos ceiling panels. Please provide quantities. Are unit prices required for asbestos? Where on bid form do you want unit prices?	VA Miami does not think there will be any asbestos abatement with this project.
4	Can you please clarify that for alternate 1 you only want the value of 2nd floor work to be deducted from base bid? Also, can you please clarify for alternate 2 you only want the value of the 3rd floor work to be deducted from base bid? As written, alternate 2 will not include the value of alternate 1. Please clarify if this is the correct interpretation.	Yes, that interpretation is correct.
5	Drawing LS-1-2.1 what do the two numbers represent in the Grid Location column? Why are there two number combinations?	Example: "L.5" means the flag is located halfway between grids L and M in the east/west direction . "L.2" means it is closer to L than M.
6	There are correction notes to "extend wall to ceiling structure above", How are we to know height, length and type of material to extend existing wall to deck?	Per General Notes, corrections apply to 8-12 foot lengths of walls. Heights are approximately 5 feet. Materials are to be per UL 419 or 465 per drawing LS-1-8.2.

Question #	Question	Government Response
7	Is this project sales tax exempt? If the project is sales tax exempt can the government provide a sales tax exemption certificate?	No this project is not tax exempt.
