INTERVENTIONAL RADIOLOGY PHYSICIAN Procedure Experience Checklist

KEY PERSONNEL NAME: _____

*note only Key Personnel with 2 or more years of Post-Fellowship experience should complete this checklist.

PROCEDURE	How many times have you performed this procedure in the last 12 Months?
ARTERIOGRAPHY	
<i>Aortic, pelvic</i>	
<i>Peripheral</i>	
<i>Mesenteric</i>	
<i>Renal</i>	
<i>Pulmonary</i>	
<i>Cerebral</i>	
<i>Pubic/pudendal</i>	
VENOGRAPHY	
<i>Diagnostic</i>	
<i>Interventional</i>	
<i>Venous angioplasty</i>	
<i>Venous thrombolysis</i>	
<i>Fistulagram – diagnostic</i>	
<i>Fistulagram – angioplasty/stent</i>	
<i>Fistulagram – thrombolysis</i>	
VENOUS ACCESS	
<i>PICC</i>	
<i>Tunneled HD catheter</i>	
<i>Non-tunneled catheter</i>	
<i>Port</i>	
<i>Tunneled catheter exchange/conversion</i>	
<i>IVC filter placement</i>	
<i>IVC filter retrieval</i>	
<i>TIPS</i>	
<i>TIPS revision</i>	
<i>Venous ablation</i>	
<i>TJ liver biopsy</i>	
<i>Venous sampling</i>	

Foreign body retrieval	
Catheter manipulation	
ARTERIAL INTERVENTION	
Arterial angioplasty	
Peripheral angioplasty	
Renal angioplasty	
Mesenteric angioplasty	
Arterial stenting	
Peripheral stenting	
Renal stenting	
Mesenteric stenting	
Carotid stenting	
Aortic stenting	
Aortic endografting	
Arterial thrombolysis	
VENOUS INTERVENTION	
Venous angioplasty	
Venous stenting	
Venous thrombolysis	
EMBOLIZATION	
Trauma/hemorrhage	
GI hemorrhage	
UAE	
TACE	
Preoperative aortic endograft	
AVM	
Portal vein	
NON-VASCULAR INTERVENTION	
BIOPSY	
Random liver biopsy	
Targeted general biopsy	

<i>FNA lung</i>	
<i>FNA thyroid</i>	
<i>Renal</i>	
<i>Bone/other</i>	
<i>Abscess drainage</i>	
<i>Drain tube check</i>	
<i>Paracentesis</i>	
<i>Thoracentesis</i>	
<i>Chest tube placement</i>	
<i>Pleurodesis</i>	
<i>PTC/drain</i>	
<i>Biliary angioplasty/stent</i>	
<i>Biliary drain internalization</i>	
<i>Nephrostomy</i>	
<i>Nephrolithotomy (stone)</i>	
<i>Uretal stents</i>	
<i>Ureteral angioplasty</i>	
<i>Nephrostomy exchange</i>	
<i>PeG – primary</i>	
<i>PeG – exchange/replacement</i>	
<i>Cholecystostomy</i>	
<i>Aspiration – drainage</i>	
<i>Sclerosis (cyst, lymphocele)</i>	
TUMOR ABLATION	
<i>RF ablation – liver</i>	
<i>Cryoablation – renal</i>	
<i>Ethanol ablation – liver</i>	
<i>Fallopian tube recanalization</i>	
MUSKULOSKELETAL	
<i>Bilateral knee arthrogram + supplement injections</i>	

<i>Unilateral knee arthrogram + supplement injections</i>	
<i>Knee arthrogram + steroid injections</i>	
<i>Knee arthrocentesis</i>	
<i>Knee arthrogram + PRP injection</i>	
<i>Knee arthrogram + tissue allograft ("stem cell") injection</i>	
<i>Hip arthrogram + steroid injection</i>	
<i>Genicular nerve block (x3)</i>	
<i>Genicular nerve RF ablation (x3)</i>	
NEURO INTERVENTIONAL RADIOLOGY (LIST PROCEDURES)	
<i>Carotid Stenting</i>	
<i>Treatment of Intracerebral AVM</i>	
<i>Treatment of Intracerebral Tumor</i>	
<i>Treatment of Intracerebral Thrombosis</i>	
<i>Treatment of Intracerebral aneurysm</i>
