

## Sources Sought Notice

The Department of Veterans Affairs Medical Center, VISN 6 Network Contracting Office (NCO), on behalf of the Durham VA Medical Center is conducting market research through this Sources Sought Notice to seek Service-disabled veteran-owned small business (SDVOSB), Veteran-owned small businesses (VOSB) and/or small businesses sources for Intermittent Catheter Kit (see below list of equipment components). **Potential vendor must be capable of providing all items listed below.** This is a Brand Name or Equal requirement. For brand name, offeror must be an authorized distributor for the manufacturer and new equipment only. No remanufactured or gray market equipment is acceptable. Equipment must be covered under manufacturer's warranty.

The North American Industry Classification System (NAICS) Code for this acquisition is 339112 and the Classification code is 6515. All information is to be submitted at no cost or obligation to the Government.

Interested parties should submit with their response the following information: Company information including point of contact; DUN#; business size and economic category (example: SDVOSB, VOSB, WOSB, SB); and if your company is an authorized distributor for the manufacturer - provide a letter from the manufacturer that confirms your status as an authorized distributor.

If interested party has a FSS contract - please include contract number, and whether the equipment is on the contract.

The capability statements received from this market research are for planning purposes only and will assist the Government in planning its acquisition strategy. This is strictly market research and the Government will not entertain questions concerning this market research. The Government will not assume any costs incurred by the contractor in the preparation of responses. Please email this information to [paul.waite@va.gov](mailto:paul.waite@va.gov) no later than 9:00 AM EST October 31, 2017. Phone inquiries will not be accepted.
