	1		NextGen LOGIQ e R7	
1	1		<p>NextGen LOGIQ* e R7 Compact Digital Ultrasound Console USA</p> <p>NextGen LOGIQ e R7 portable high performance digital laptop ultrasound system. Standard package includes LOGIQ e Needle Recognition Software Option which helps provide precise and accurate display of the needle, anatomy and motion even in Color and Power Doppler. This feature harnesses pattern recognition technology that recognizes and accurately reveals the structure of a needle within the anatomy, without distortion of the needle and compromising the target. Also includes the ability to adjust needle gain and angle. Standard package includes AC power cord (USA), internet cord 3 meter in length CAT-5 type, PC to HUB structure, system software on USB, Optional Function Key Label, Ultrasound Transmission Gel .25L, English Basic Service Manual CD and English User Guide and AIUM booklet. The following scanning modes are included: B-mode, M-mode, anatomical M-mode, color flow mode, power Doppler imaging, pulsed wave Doppler and Ophthalmic. USA version includes; 5 year standard warranty and one day of On-site Applications Training. Training must be completed within six (6) months after Product delivery, otherwise GE Healthcare's obligation to provide the training will expire without refund. Additional On-site Applications Training days are available for purchase.*LOGIQ is a trademark of the General Electric Company</p>	
2	1		<p>L4-12t-RS Probe</p> <p>L4-12t-RS Wide Band Linear transducer has configurable button functions which can enable single person control and simplifying interventional procedures.
