LOGIQ S7 with XDclear and Extended Warranty

LOGIQ* S7 with XDclear general imaging ultrasound system provides sensational performance, smart design with specialized capabilities. Built upon Agile Acoustic Architecture technology, the LOGIQ S7 with XDclear probe technology helps you achieve great images using innovative tools including B-Flow* technology to help visualize real-time hemodynamic flow and vessel wall definition. CrossXBeam* (Spatial Compounding), SRI HD (Speckle Reduction Imaging in High Definition), and Coded Harmonics. Workflow features such as Raw Data for post-processing of images, Automatic Optimization, Easy 3D and Advanced 3D (w/ multiplanar displays) and Virtual Convex. The smart design of the LOGIQ S7 include a 23 inch high-resolution color flat panel monitor (1920x1080) with fully articulating arm, fully adjustable console, 10.1 inch wide color LCD touch screen, four active transducer ports and an integrated gel warmer. Scanning modes include B-Mode, M-Mode, Color Flow, Pulsed Wave, and Power Doppler. Other system features include: Windows** 7 operating platform, 776MB cine memory, approximately 500 GB internal hard drive, footrest, user programmable presets and digital copy of user documentation (eDocs). A DICOM*** software package providing provides Verify, Print, Store, Multiframe, Modality Worklist, MPPS (Modality Performed Procedure Step), Storage Commitment, and Media Exchange. Additionally, the LOGIQ S7 supports Multi-Modality Query Retrieve and Structured Reporting. Does not include network hardware, which may be required. Initial installation includes connection to customer network, a one-year standard warranty plus one year extended warranty and two days of On-site Applications Training. Training must be completed within six (6) months after Product delivery, otherwise GE Healthcare's obligation to provide the training will expire without refund. Additional On-site Applications Training days are available for purchase. Customer workflow permitting and abiding by SDMS criteria, sonographer install CE's may be provided during install training.

DICOM is the registered trademark of the National Electrical Manufacturers Association for its standard publications relating to digital communications of medical information.

C1-5-D Convex Probe

Broad-spectrum convex probe. Applications include: abdominal, obstetrics, gynecological, urology, and vascular. Biopsy kit available.

BE9CS Bi-plane 4-11Mhz Microconvex Probe

Wide Band, 4-11 MHz Microconvex Bi-plane probe with a 126 degree FOV and

C1-6-D XDclear Probe

XDclear is the highest performing transducer technology which is a proprietary combination of advanced materials and innovative acoustic design. Convex transducer with XDclear technology helps achieve impressive depth on patients with difficult body habitus. Applications: abdominal, obstetrics, gynecological, urology, and vascular. Biopsy kit available.

Sony UP D898 digital B and W Printer with introductory paper

Sony UP D898 digital B and W printer. Includes (1) roll Sony high resolution high gloss paper.
