

REQUEST FOR INFORMATION (RFI)
36C250-18-B-0081

PROJECT NUMBER:	610-15-100	Please ensure that before submitting questions or requests for clarification that you thoroughly read the solicitation, specifications, drawings and other pertinent documents. When submitting questions on this project the Government requires contractors to specifically identify the specification and/or solicitation section(s) or drawing number(s) in reference to the question or request for clarification submitted. No question or request for clarification will be answered by the Government unless the above requirements are met. Failure to comply may prevent the Government from responding in a timely manner.

RFI NO.: #E3	DATE:	SPEC/DWG. REFERENCE(s):
REPLY NEEDED BY: 1-2-2018		ED-101 – Coded Note #7

INFORMATION NEEDED:

There is a 10,000 gallon buried fuel tank for the 350KVA generator being removed. Who is responsible to remove the diesel fuel and the tank?

REPLY:

RFI's will be answered by amendment(s) posted to fbo.gov.

There is no 10,000 gallon underground storage tank at the generator site. There used to be one but it was removed several years ago. Drawing ED-101, Code Note #7 does not say there is an underground tank there.

- on a side note: Drawing ED-101, Code Note #7. Remove the last sentence: "DELIVER TO VA STORAGE LOCATION ON HOSPITAL SITE" and add "GENERATOR TO BE DISPOSED OF OFF SITE."
