

Your organization has communication demands, from phone and voice services to Wi-Fi networking and everything in between. At Pownet, we work to solve your most complex technology problems by designing a solution that helps keep you connected so you can focus on growing the business. Pownet is your complete solutions provider with options that are flexible, functional and affordable.

Enabling you to connect.™

Phone & Data

You're looking for safety, security and reliability, we deliver on all fronts!

Connectivity is available to support any size business and scalable for growth.

Our Network Operations Center(NOC) is available 24/7 to help maximize uptime and efficiency.

- Hosted IP PBX (available for wholesale)
- Ethernet
- MPLS

Wi-Fi

Consumers demand for enterprise grade Wi-Fi is at an all-time high - so why not provide them with a network that provides up to 4x more coverage than average. Affordable and reliable, our advanced Wi-Fi can also provide insights and key demographics from your network users which can help you create a positive ROI from your network.

- Wi-Fi Networking - Ruckus & Cisco
- Wi-Fi Equipment/Asset Monitoring and Tagging
- Wi-Fi Analytics with Beyond Wi-Fi

Multi-Dwelling Solutions

Today's residents expect fast, affordable and entertaining solutions and landlords want to simplify vendor relationships. Powernet offers a full-service solution including high-speed Internet, digital phone, DIRECTV and Wi-Fi networking to meet residents needs all under one bill. This comprehensive package is perfect for apartments, hotels, assisted living, residential communities and more!

- Hosted Voice Solutions
- High-Speed Internet
- DirecTV
- Wi-Fi Networking & Back-End Analytics

Voice & Cellular Solutions

Voice service is at the heart of business communication. An outdated solution can negatively impact your business and communication. Our traditional and advanced solutions offer the flexibility you need to stay connected.

- TDM & SIP
- Local PRI & SIP Local
- Call Center & Toll-Free
- International and Domestic Carrier Services
- AT&T Cellular Business Solutions

Managed, Network and IT Services

Your time is the most valuable aspect of your business. Let us take care of the back-end work so you can focus on growing your organization. Our joint venture with Maxis360 allows us to offer even more solutions.

- Managed workstations, firewalls & perimeter protection
- IT Security, Audits & Compliance Reviews
- 3rd Party Billing & NOC Services
- Network management & Virtualization

Powernet enables businesses to connect with audiences in the office and across the world through wireless networking, voice, data and call center solutions, in addition to domestic and international carrier services. As a **Woman-Owned** business with more than 24 years of telecom experience, we provide our partners and clients the unparalleled service and innovative technology they need to achieve their business goals.

Maxis360 is a leader of IT Managed Services and Network Security headquartered in Florida. By combining Maxis360 and Powernet we offer a true "end to end" solution for our customers. This joint venture is the perfect fit for our current and future clients looking for a complete technology partner.
