1. Description of Action:

SFVAMC requires an annual maintenance contract for GE Nuclear Medical Imaging Equipment and Systems. This contracting office seeks to issue a task order against the VA NAC Indefinite Delivery Contract # VA797H-17-D-0024. The estimated value of the proposed action for the Base Year is \$250,325.00. The proposed vendor information is listed below.

Name of Proposed Contractor:	General Electric Company, Inc.
Street Address City, State, Zip:	3000 N. Grandview Blvd. Waukesha, WI 53188
Email, Phone:	jason.peterson@ge.com, (707) 330-9679

2. Description of Supplies or Services:

SFVAMC requires an annual maintenance contract for Annual service contract for GE Nuclear Medical Imaging Equipment and Systems. The GE Nuclear Medical Imaging Equipment and Systems are complex proprietary imaging systems which require short notice on-call maintenance availability at all times due to patient-care requirements. This equipment is considered critical to the facilities overall ability to provide patient care. The Equipment is listed below:

1. *GE HAWKEYE (281269)*
2. *GE WORKSTATION NM XELERIS (297788)*
3. *GE DISCOVERY 690 PET/CT (297751)*
4. *GE POWER QUALITY 12KVA UPS*
5. *GE WORKSTATION HPXW 8400 (297755, 297756)*

3. **Statutory Authority:** The statutory authority permitting an exception to fair opportunity is Section 41 U.S.C. 4106(c) as implemented by the Federal Acquisition Regulation (FAR) Subpart 16.505 Subpart 16.505(b)(2)(i):

() FAR Subpart 16.505(b)(2)(i)(A): The agency need for the supplies or services is so urgent that providing a fair opportunity would result in unacceptable delays.

(X) FAR Subpart 16.505(b)(2)(i)(B): Only one awardee is capable of providing the supplies or services required at the level of quality required because the supplies or services ordered are unique or highly specialized.

() FAR Subpart 16.505(b)(2)(i)(C): The order must be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.

() FAR Subpart 16.505(b)(2)(i)(D): It is necessary to place an order to satisfy a minimum guarantee.

() FAR Subpart 16.505(b)(2)(i)(E): For orders exceeding the simplified acquisition threshold, a statute expressly authorizes or requires that the purchase be made from a specified source". The statutory authority permitting an exception to fair opportunity for this action is 38 U.S.C. 8127(c), known as the Veterans First Contracting Program which provides the authority to directly contract with a Service-Disabled Veteran-Owned Small Business (SDVOSB) or a Veteran-Owned Small Business (VOSB).

() FAR Subpart 16.505(b)(2)(i)(F) In accordance with section 1331 of Public Law 111-240 (15 U.S.C. 644(r)), contracting officers may, at their discretion, set aside orders for any of the small business concerns identified in 19.000(a)(3). When setting aside orders for small business concerns, the specific small business program eligibility requirements identified in part 19 apply.

4. **Rationale Supporting Use of Authority Cited Above:**

The contractor, General Electric Company, Inc. has intellectual property rights (copyright) and proprietary data restrictions (security features) that prevent other contractors from servicing General Electric equipment properly without subjecting equipment to potential damage. The General Electric equipment maintenance requirement is at the SF Medical Facility and supports mission critical medical imaging equipment. Currently this equipment is under warranty as long as it is serviced by licensed General Electric contractors / technicians. General Electric currently deploys maintenance field technicians under the its contract agreement with the VA National Acquisition Center contract # VA797H-17-D-0024 which ensures equipment is kept is maintained in accordance with Original Equipment

Manufacturer standards. Any services performed by non- General Electric contractors would effectively void current warranties on the General Electric equipment and create unnecessary liability on behalf of the Department of VA as well as its employees.

6. Efforts to Obtain Competition: ***A description of efforts made to ensure that offers are solicited from as many potential sources as is practicable.***

Based on the current equipment warranty and proprietary rights issues associated with services from a Non-Original Equipment Manufacturer the decision was made to only consider the Original Equipment Manufacturer for the required maintenance.

7. Actions to Increase Competition: ***Describe actions taken, or that will be taken, to remove or overcome any barriers to competition before initiating any subsequent acquisitions for the supplies, or services required, including challenges to restrictive data markings, data rights, preparation of a performance based work statement, and etc.***

The end using service has been urged to utilize equipment from manufacturers that provides for more flexibility for maintenance and still maintaining applicable warranties.

8. Market Research: ***Provide a description of the market research conducted among the contract holders and the results. If market research was not conducted, the reasons it was not conducted should be stated. When citing 16.505(b)(2)(i)(b) or 16.505(b)(2)(i)(e), the only possible way to state in paragraph 5 of the J&A that there is only one contractor who can fulfill the agency's needs is to conduct market research, and it should be summarized here.***

This requirement is for a follow-on maintenance contract for GE equipment that is currently under maintenance warranty by the General Electric Company. A search of the VA National Acquisition Center database resulted in finding Contract # VA797H-17-D-0024 which is a Multiple Award Indefinite Delivery Contract with the General Electric Company for equipment maintenance. Based the Original Equipment Manufacturer maintenance warranty with the General Electric Company, Inc. no additional market research was conducted.
