

This is a detailed architectural floor plan of a multi-story building, likely a hospital or institutional facility. The plan shows a complex layout of rooms, corridors, and service areas. Key areas include a large central corridor, numerous small rooms (possibly patient rooms or offices), and specialized rooms like a 'TREATMENT ROOM' and 'LABORATORY'. The plan is color-coded with red, blue, and yellow lines, and includes various labels for rooms and corridors.

The plan is divided into several main sections:

- Top Section:** Contains a large central corridor and several rooms, including a 'TREATMENT ROOM' and a 'LABORATORY'.
- Middle Section:** Features a large central corridor and several rooms, including a 'TREATMENT ROOM' and a 'LABORATORY'.
- Bottom Section:** Contains a large central corridor and several rooms, including a 'TREATMENT ROOM' and a 'LABORATORY'.

The plan is color-coded with red, blue, and yellow lines, and includes various labels for rooms and corridors. The labels are in a small, sans-serif font, and the lines are thin and precise. The overall layout is symmetrical and organized, with a clear flow of movement between different areas.
