

**Contract Line Item Numbers & Salient Characteristics Attachment****Automated Medication Dispensing Systems****Salient Characteristics (SC) - Literature Review**

**SC 1** Must meet interoperable solutions with major healthcare information system (HIS) vendors and automated dispensing cabinet and electronic health record (EHR).

**SC 2** Products must meet the demands of the hospital IT environment.

**SC 1 through SC 2 are associated with the following CLINS:**

CLIN	Manufacture	Part Number	Description
0001	Omniceil XT	CSM-AIO-011	Omniceil XT CSM SOFTWARE & WORKSTATION KIT (AIO)

### Biomedical Training

**SC 1** Technical training shall include complete information on maintenance and repair of the system, must include information on how to operate the equipment safely and effectively and must include on-site Go-Live.

### Deliver, Assembly and Installation

**SC 2** Vendor provides deliver, assembly and installation services required to prepare the units and accessories for operation.

### Service and Operators Manuals

**SC 3** Provide 2 each of the following Service and Operators manuals must be provided for each unit (1 copy for Biomedical engineering department, 1 copy for the using department).

### Training

**SC 4** User Training

**Maintenance**

**SC 5** Vendor provides all maintenance that covers all parts and accessories.

**Warranties**

**SC 6** Vendor Provides all warranties that covers all parts and accessories.

**SC 1 through SC 6 are associated with the following CLINS:**
