Scope of Work

Contractor shall provide a list of potential pharmacies that fit the demographic requirements (within 3 miles of the CBOCs listed above). From this list, the ICVAHCS will choose which pharmacy they would like to use for the services based on location, parking, and other veteran convenience factors as determined by the ICVAHCS

After a selection has been made, the Contractor shall create custom networks such that only the chosen pharmacy for each CBOC can be used for prescriptions from the providers from that CBOC. The CBOCs operating hours are normally 8:00 a.m. to 4:30 p.m. Central Standard Time (CST), Monday-Friday, excluding federal holidays.

Federal holidays are:

- New Years Day
- Martin Luther King Jr Birthday
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Columbus Day
- Veterans Day
- Thanksgiving Day
- Christmas Day

In addition, the services outlined above will be provided for patients of the ICVAHCS. These services shall be provided for patients seen in the ICVAHCS Emergency Department. Unless prior approval is requested by ICVAHCS Pharmacy Management members, these services shall be available ONLY from 7:30am to 08:30pm Central Standard Time (CST) the following morning - with the exception that on Saturdays and Sundays, these services will be available 24 hours a day.

As outlined above, the Contractor shall provide a list of potential pharmacies within 3 miles of the ICVAHCS. From this list, the Iowa City VAMC will choose which pharmacy they would like to use for the services based on location, parking and other veteran convenience factors as determined by the ICVAHCS. After a selection has been made, the Contractor shall create a custom network such that only the chosen pharmacy for the ICVAMC can be used for prescriptions from the providers from the ICVAHCS.

General Requirements

Prescription Fill Process

Contract pharmacy will fill and dispense original prescriptions that are written by VA providers assigned to the ICVAHCS and CBOCs.

Prescriptions to be filled will be presented to the contract pharmacy on a consult form for non-controlled substances. This form will have the certificate information listed at the top and the prescription information to follow. This consult will have a "wet" signature from the VA provider. For controlled substances (CII – CIV) the consult will also be accompanied by a hand written prescription on VA Form 10-2577F. Pharmacists will be able to provide a verbal prescription in urgent situations (non-controlled substances).

Should the state in which the dispensing pharmacy operate require other than the VA Form 10-2577F, Security Prescription Form, it will be the Contractor's responsibility to provide the ICVAHCS, Chief of Pharmacy, with the proper security form. The successful Contractor may obtain a sample of each VA Form from the COR.

ICVAHCS has developed a list of prescription drug products that are pre-approved to be sent to contract pharmacy for veterans. This list is known as the "Emergent Drug List" (EDL) and also designates the days supply amount allowable for the given drug. The ICVAHCS will be responsible for updating, maintaining, and providing copies of the EDL to the Contractor. The EDL will be updated no more often than every six (6) months in an attempt to minimize database maintenance efforts by the Contractor.

Prescriptions filled and dispensed through emergent fill contracts will be limited to medications of urgent need as determined by VA clinical staff and will follow safe and effective formulary management principles practiced within the VA. This may include adjudication of medications on a case-by-case basis as defined by local medical center procedure. ICVAHCS will maintain an emergent drug list of medication the contractor may fill without prior authorization. The Chief of Pharmacy or designee will email this "emergent drug list" to the Contractor at the time of contract award and provide updates to the list as necessary. There shall be a mechanism in place, provided by the Contractor, to provide real-time messaging and hard edits to the pharmacies in order to limit dispensed medications to the specified "emergent drug list" and to prevent medications that require prior authorization from being dispensed. Medications not on the "emergent drug list" will not be filled and dispensed without prior approval by authorized ICVAHCS pharmacy personnel.

This process is only for new, on-time prescriptions. No refills will be authorized.

Reimbursement shall be determined by the average wholesale price (AWP) discounted by the applicable Contractor percentage plus the applicable dispensing fee as specified on B.3 (Price Schedule). The total price charged to the ICVAHCS shall not exceed that AWP charged to the general public and shall not exceed the price charged by the Contractor's lowest third party reimbursement plan.

Prescriptions shall be filled with generic drugs to the extent permitted by law. Generic drugs shall be dispensed if in the professional judgment of the pharmacist, the substitute product is available, safe, effective, and to the greatest extent possible, contains the same chemical ingredients of the same strength, quantity, and dosage of the brand name.

All generic products used must be in compliance with Federal and State requirements. Brand name drugs will only be reimbursed if no AB rated generic form of the drug exists in the market place.

"AB rated" means that drugs that have been proven to meet the necessary bioequivalence requirements through *in vivo* and/or *in vitro* testing compared to a reference standard that is currently approved. AB is the most common designation. Drugs coded as AB under a specific product heading are considered therapeutically equivalent only to other drugs coded as AB under that heading. Thus, products in this category are considered to be generic drugs. However, an AB-rated product may carry an individual brand name. Under no circumstances may an AB-rated generic product use the patented brand name of the reference standard.

VA beneficiaries will pick up their own prescriptions at the dispensing pharmacy. No prescriptions are to be mailed. No prescriptions are to be delivered.

If the contract pharmacy is having difficulty with any claim or any other situation, they will contact the contractor. The contract pharmacy will not contact employees of the ICVAHCS. If it is determined that a claim for a non-EDL medication was not approved, the contract pharmacy will refer the veteran to contact their ICVAHCS provider.

Updates of providers (additions/deletions) will typically take from 24 to 48 hours, depending on when the changes are entered into the system and the system update cycle. However, the contractor will attempt to expedite the process whenever possible.

The contractor shall not make authorizations to the contracted pharmacies for prescriptions that fall outside of the normal constraints as stated within. If this occurs, the contractor will be responsible for reimbursing the local pharmacy for the prescription.

VA reserves the right to fill any prescription through the use of its own resources and/or personnel.

Audits

The VA shall randomly audit prescription fills. The VA shall have access during regular business hours, and upon reasonable notice, to such books, records, invoices, and prescription files as deemed necessary to verify claim information, prescription volume, and the usual and customary charges to the general public for covered prescriptions. The Contractor shall make all prescription records and invoices available at the time of the audit.

Contract pharmacies shall maintain a log of VA prescriptions filled and have the patient sign next to each prescription number for each prescription received. A copy of the log shall be maintained at the contract pharmacy and be readily accessible for random VA audit.

Pharmacy Service at the ICVAHCS shall review the monthly statements provided by the contractor regarding fills at the local emergent fill pharmacies. Should the Iowa City VAMC find discrepancies in the billing, a request will be made by the ICVAHCS to the contractor to provide a copy of the consult in question. If the consult in question is not able to be produced within 10 calendar days the contractor will adjust the statement by the amount in question. This review process will only be available for 90 days after the date of the prescription fill in question. Thus, the contract pharmacies will only be required to keep the hard copies available for 90 days.

Labeling

All prescriptions must have proper auxiliary labels attached and appropriate counseling and drug interaction sheets provided to VA beneficiaries.

Privacy Requirements

The contractor shall comply with the requirements of the Federal Privacy Act of 1974 (Public Law 93-579), HIPAA (Public Law 104-191), and the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1972 (Public Law 83-255), as well as other statutes regarding confidentiality of patient information during and after the execution of this BPA.

The contractor and the contracted pharmacies shall keep all information concerning VA beneficiaries confidential and shall not release or disclose information to any person, except as authorized in writing and according to all applicable laws.

The contractor shall not store patient information on a mobile device. A verbal contact is sufficient to obtain prior authorization when needed. The contractor is prohibited from transferring Personnel Health Information (PHI) by fax or email to and/or from a VA facility.

The contracted pharmacies including subcontracted pharmacies that are authorized to fill prescriptions under the BPA and subsequent task orders must agree to the following conditions:

1. All information concerning VA beneficiaries shall be kept confidential and shall not be disclosed to any person, except as authorized in writing from VA, and according to all applicable laws.
2. Representatives of VA are authorized to visit the contractor's sites and the premises of any pharmacy filling VA prescriptions during regular business hours for the purposes of auditing and evaluation, which may include the inspection of clinical records.
3. The contractor shall report all adverse drug events reported by VA beneficiaries to the Iowa City VA Health Care System Chief of Pharmacy, VA Contracting Officer, VA Contracting Officer's Representative (COR), and to the prescribing CBOC provider, or Emergency Room provider.
4. Pharmaceutical services provided to VA beneficiaries shall meet all standards applicable to Medicaid recipients in the State where services are provided and standards set forth in the current version of The Joint Commission accreditation manual for Ambulatory Care/Pharmaceutical Services.

Licensing and Qualification Requirements

Pharmacies utilized by the contractor shall be in good standing with their respective State Board of Pharmacy in Iowa or Illinois

Pharmacies utilized by the contractor shall have a current Drug Enforcement Administration (DEA) license, controlled substance license, and license from the respective State Board of Pharmacy.

Pharmacists Requirements:

- Graduate of an Accreditation Council for Pharmacy Education (ACPE) College of Pharmacy
- Licensed in the State of Iowa or Illinois (as applicable) and in good standing with the State Board of Pharmacy.

Pharmacy Requirements:

- Licensed pharmacy in the State of Iowa or Illinois
- Current DEA, controlled substance license

Business Associate Agreement

The Health Insurance Portability and Accountability Act of 1996 (HIPPA) requires that patient lists, names of patients, and any information concerning patients, are considered privileged information and shall not be disclosed or revealed in any way for use outside the VA. The Contractor is subject to the same penalties and liabilities for unauthorized disclosures of such information as the VA. Patient confidentiality will be adhered to at all times.

As Contractor personnel will potentially have access to any patient information related to their performance of duties under this BPA, Contractor shall make its personnel aware that any such information that they might become aware of during the course of their performance is considered privileged information and shall not be disclosed or revealed in any way outside communications with ICVAHCS COR and pharmacists.

Contractor shall sign a Business Associate Agreement (see Solicitation Attachment 1 – BAA Template) upon award, adhering to this policy.

Service Contract Act Requirements

Work performed by the following personnel related to Contractor and contract pharmacies is applicable to FAR Subpart 22.10 (Service Contract Labor Standards) and such shall follow U.S Department of Labor Wage Determinations:

12250 – Pharmacy Technician

Please refer to Solicitation Attachment 2 (Wage Determinations) for listing of wage determinations applicable to ICVAHCS and CBOCs.

AWP Pricing Methodology

The Contractor's pricing shall be based on MediSpan, one of the leading national drug-pricing systems used in the pharmaceutical industry. A contractor's pricing methodology/system is based on the IT platform of its PBM (Pharmacy Benefits Management) claim adjudication system. The contractor's claim system is linked to MediSpan, which allows them to monitor and adjust to pharmaceutical industry pricing on a daily basis, thereby providing the VA with the most current pricing available.

B.3 OTHER BPA TERMS AND CONDITIONS

Authorized Limits

Minimum and maximum orders allowable are set forth in FAR Clause 52.216 (Order Limitations) of BPA and are also listed here:

Minimum Order: \$5,000 per BPA call

Maximum Order: \$500,000 per BPA call

Obligation of Funds

The BPA does not obligate any funds. The Government is obligated only to the extent of authorized BPA calls actually issued and awarded under the BPA by the Contracting Officer.

Precedence

The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence. The Contractor's unconditional acceptance of this BPA, including all terms and conditions herein shall be considered binding upon the delivery of the first BPA call placed hereunder by a Contracting Officer. Failure of the Contractor to comply with any of the terms and conditions of the BPA and/or any BPA calls placed hereunder may be cause for the cancellation of this BPA.

Cancellation of BPA

The Government may cancel the BPA at any time by notifying the Contractor at least 30 days in advance. BPA cancellation does not release the Contractor from their duty to continue task order performance.

SECTION C - CONTRACT CLAUSES

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government must exercise its post-acceptance rights—

- (1) Within a reasonable time after the defect was discovered or should have been discovered; and

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

e. The contractor/subcontractor shall not make copies of VA information except as authorized and necessary to perform the terms of the agreement or to preserve electronic information stored on contractor/subcontractor electronic storage media for restoration in case any electronic equipment or data used by the contractor/subcontractor needs to be restored to an operating state. If copies are made for restoration purposes, after the restoration is complete, the copies must be appropriately destroyed.

f. If VA determines that the contractor has violated any of the information confidentiality, privacy, and security provisions of the contract, it shall be sufficient grounds for VA to withhold payment to the contractor or third party or terminate the contract for default or terminate for cause under Federal Acquisition Regulation (FAR) part 12.

g. If a VHA contract is terminated for cause, the associated BAA must also be terminated and appropriate actions taken in accordance with VHA Handbook 1600.01, Business Associate Agreements.

Absent an agreement to use or disclose protected health information, there is no business associate relationship.

h. The contractor/subcontractor must store, transport, or transmit VA sensitive information in an encrypted form, using VA-approved encryption tools that are, at a minimum, FIPS 140-2 validated.

i. The contractor/subcontractor's firewall and Web services security controls, if applicable, shall meet or exceed VA's minimum requirements. VA Configuration Guidelines are available upon request.

j. Except for uses and disclosures of VA information authorized by this contract for performance of the contract, the contractor/subcontractor may use and disclose VA information only in two other situations: (i) in response to a qualifying order of a court of competent jurisdiction, or (ii) with VA's prior written approval. The contractor/subcontractor must refer all requests for, demands for production of, or inquiries about, VA information and information systems to the VA contracting officer for response.

k. Notwithstanding the provision above, the contractor/subcontractor shall not release VA records protected by Title 38 U.S.C. 5705, confidentiality of medical quality assurance records and/or Title 38 U.S.C. 7332, confidentiality of certain health records pertaining to drug addiction, sickle cell anemia, alcoholism or alcohol abuse, or infection with human immunodeficiency virus. If the contractor/subcontractor is in receipt of a court order or other requests for the above mentioned information, that contractor/subcontractor shall immediately refer such court orders or other requests to the VA contracting officer for response.

l. For service that involves the storage, generating, transmitting, or exchanging of VA sensitive information but does not require C&A or an MOU-ISA for system interconnection, the contractor/subcontractor must complete a Contractor Security Control Assessment (CSCA) on a yearly basis and provide it to the COR.

4. INFORMATION SYSTEM DESIGN AND DEVELOPMENT

a. Information systems that are designed or developed for or on behalf of VA at non-VA facilities shall comply with all VA directives developed in accordance with FISMA, HIPAA, NIST, and related VA security and privacy control requirements for Federal information systems. This includes standards for the protection of electronic PHI, outlined in 45 C.F.R. Part 164, Subpart C, information and system security categorization level designations in accordance with FIPS 199 and FIPS 200 with implementation of all baseline security controls commensurate with the FIPS 199 system security categorization (reference Appendix D of VA Handbook 6500, VA Information Security Program). During the development cycle a Privacy Impact Assessment (PIA) must be completed, provided to the COR, and approved by the VA Privacy Service in accordance with Directive 6507, VA Privacy Impact Assessment.

b. The contractor/subcontractor shall certify to the COR that applications are fully functional and operate correctly as intended on systems using the VA Federal Desktop Core Configuration (FDCC), and the common security configuration guidelines provided by NIST or the VA. This includes Internet Explorer 7 configured to operate on Windows XP and Vista (in Protected Mode on Vista) and future versions, as required.

c. The standard installation, operation, maintenance, updating, and patching of software shall not alter the configuration settings from the VA approved and FDCC configuration. Information technology staff must also use the Windows Installer Service for installation to the default "program files" directory and silently install and uninstall.

d. Applications designed for normal end users shall run in the standard user context without elevated system administration privileges.

e. The security controls must be designed, developed, approved by VA, and implemented in accordance with the provisions of VA security system development life cycle as outlined in NIST Special Publication 800-37, Guide for Applying the Risk Management Framework to Federal Information Systems, VA Handbook 6500, Information Security Program and VA Handbook 6500.5, Incorporating Security and Privacy in System Development Lifecycle.

f. The contractor/subcontractor is required to design, develop, or operate a System of Records Notice (SOR) on individuals to accomplish an agency function subject to the Privacy Act of 1974, (as amended), Public Law 93-579, December 31, 1974 (5 U.S.C. 552a) and applicable agency regulations. Violation of the Privacy Act may involve the imposition of criminal and civil penalties.

g. The contractor/subcontractor agrees to:

(1) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies:

(a) The Systems of Records (SOR); and

(b) The design, development, or operation work that the contractor/ subcontractor is to perform;

(1) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the redesign, development, or operation of a SOR on individuals that is subject to the Privacy Act; and

(2) Include this Privacy Act clause, including this subparagraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a SOR.

h. In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a SOR on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a SOR on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a SOR on individuals to accomplish an agency function, the contractor/subcontractor is considered to be an employee of the agency.

(1) "Operation of a System of Records" means performance of any of the activities associated with maintaining the SOR, including the collection, use, maintenance, and dissemination of records.

(2) "Record" means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and contains the person's name, or identifying number, symbol, or any other identifying particular assigned to the individual, such as a fingerprint or voiceprint, or a photograph.

(3) "System of Records" means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

i. The vendor shall ensure the security of all procured or developed systems and technologies, including their subcomponents (hereinafter referred to as "Systems"), throughout the life of this contract and any extension, warranty, or maintenance periods. This includes, but is not limited to workarounds, patches, hotfixes, upgrades, and any physical components (hereafter referred to as Security Fixes) which may be necessary to fix all security vulnerabilities published or known to the vendor anywhere in the Systems, including Operating Systems and firmware. The vendor shall ensure that Security Fixes shall not negatively impact the Systems.

j. The vendor shall notify VA within 24 hours of the discovery or disclosure of successful exploits of the vulnerability which can compromise the security of the Systems (including the confidentiality or integrity of its data and operations, or the availability of the system). Such issues shall be remediated as quickly as is practical, but in no event longer than 5 days.

k. When the Security Fixes involve installing third party patches (such as Microsoft OS patches or Adobe Acrobat), the vendor will provide written notice to the VA that the patch has been validated as not affecting the Systems within 10 working days. When the vendor is responsible for operations or maintenance of the Systems, they shall apply the Security Fixes within 15 days.

l. All other vulnerabilities shall be remediated as specified in this paragraph in a timely manner based on risk, but within 60 days of discovery or disclosure. Exceptions to this paragraph (e.g. for the convenience of VA) shall only be granted with approval of the contracting officer and the VA Assistant Secretary for Office of Information and Technology.

5. INFORMATION SYSTEM HOSTING, OPERATION, MAINTENANCE, OR USE

a. For information systems that are hosted, operated, maintained, or used on behalf of VA at non-VA facilities, contractors/subcontractors are fully responsible and accountable for ensuring compliance with all HIPAA, Privacy Act, FISMA, NIST, FIPS, and VA security and privacy directives and handbooks. This includes conducting compliant risk assessments, routine vulnerability scanning, system patching and change management procedures, and the completion of an acceptable contingency plan for each system. The contractor's security control procedures must be equivalent, to those procedures used to secure VA systems. A Privacy Impact Assessment (PIA) must also be provided to the COR and approved by VA Privacy Service prior to operational approval. All external Internet connections to VA's network involving VA information must be reviewed and approved by VA prior to implementation.

b. Adequate security controls for collecting, processing, transmitting, and storing of Personally Identifiable Information (PII), as determined by the VA Privacy Service, must be in place, tested, and approved by VA prior to hosting, operation, maintenance, or use of the information system, or systems by or on behalf of VA. These security controls are to be assessed and stated within the PIA and if these controls are determined not to be in place, or inadequate, a Plan of Action and Milestones (POA&M) must be submitted and approved prior to the collection of PII.

c. Outsourcing (contractor facility, contractor equipment or contractor staff) of systems or network operations, telecommunications services, or other managed services requires certification and accreditation (authorization) (C&A) of the contractor's systems in accordance with VA Handbook 6500.3, Certification and Accreditation and/or the VA OCS Certification Program Office. Government- owned (government facility or government equipment) contractor-operated systems, third party or business partner networks require memorandums of understanding and interconnection agreements (MOU-ISA) which detail what data types are shared, who has access, and the appropriate level of security controls for all systems connected to VA networks.

d. The contractor/subcontractor's system must adhere to all FISMA, FIPS, and NIST standards related to the annual FISMA security controls assessment and review and update the PIA. Any deficiencies noted during this assessment must be provided to the VA contracting officer and the ISO for entry into VA's POA&M management process. The contractor/subcontractor must use VA's POA&M process to document planned remedial actions to address any deficiencies in information security policies, procedures, and practices, and the completion of those activities. Security deficiencies must be corrected within the timeframes approved by the government. Contractor/subcontractor procedures are subject to periodic, unannounced assessments by VA officials, including the VA Office of Inspector General. The physical security aspects associated with contractor/ subcontractor activities must also be subject to such assessments. If major changes to the system occur that may affect the privacy or security of the data or the system, the C&A of the system may need to be reviewed, retested and re- authorized per VA Handbook 6500.3. This may require reviewing and updating all of the documentation (PIA, System Security Plan, Contingency Plan). The Certification Program Office can provide guidance on whether a new C&A would be necessary.

e. The contractor/subcontractor must conduct an annual self assessment on all systems and outsourced services as required. Both hard copy and electronic copies of the assessment must be provided to the COR. The government reserves the right to conduct such an assessment using government personnel or another contractor/subcontractor. The contractor/subcontractor must take appropriate and timely action (this can be specified in the contract) to correct or mitigate any weaknesses discovered during such testing, generally at no additional cost.

f. VA prohibits the installation and use of personally-owned or contractor/ subcontractor-owned equipment or software on VA's network. If non-VA owned equipment must be used to fulfill the requirements of a contract, it must be stated in the service agreement, SOW or contract. All of the security controls required for government furnished equipment (GFE) must be utilized in approved other equipment (OE) and must be funded by the owner of the equipment. All remote systems must be equipped with, and use, a VA-approved antivirus (AV) software and a personal (host-based or enclave based) firewall that is configured with a VA-approved configuration. Software must be kept current, including all critical updates and patches. Owners of approved OE are responsible for providing and maintaining the anti-viral software and the firewall on the non-VA owned OE.

g. All electronic storage media used on non-VA leased or non-VA owned IT equipment that is used to store, process, or access VA information must be handled in adherence with VA Handbook 6500.1, Electronic Media Sanitization upon: (i) completion or termination of the contract or (ii) disposal or return of the IT equipment by the contractor/subcontractor or any person acting on behalf of the contractor/subcontractor, whichever is earlier. Media (hard drives, optical disks, CDs, back-up tapes, etc.) used by the contractors/ subcontractors that contain VA information must be returned to the VA for sanitization or destruction or the contractor/subcontractor must self-certify that the media has been disposed of per 6500.1 requirements. This must be completed within 30 days of termination of the contract.

h. Bio-Medical devices and other equipment or systems containing media (hard drives, optical disks, etc.) with VA sensitive information must not be returned to the vendor at the end of lease, for trade-in, or other purposes. The options are:

- (1) Vendor must accept the system without the drive;
- (2) VA's initial medical device purchase includes a spare drive which must be installed in place of the original drive at time of turn-in; or
- (3) VA must reimburse the company for media at a reasonable open market replacement cost at time of purchase.
- (4) Due to the highly specialized and sometimes proprietary hardware and software associated with medical equipment/systems, if it is not possible for the VA to retain the hard drive, then;
 - (a) The equipment vendor must have an existing BAA if the device being traded in has sensitive information stored on it and hard drive(s) from the system are being returned physically intact; and
 - (b) Any fixed hard drive on the device must be non-destructively sanitized to the greatest extent possible without negatively impacting system operation. Selective clearing down to patient data folder level is recommended using VA approved and validated overwriting technologies/methods/tools. Applicable media sanitization specifications need to be pre-approved and described in the purchase order or contract.
 - (c) A statement needs to be signed by the Director (System Owner) that states that the drive could not be removed and that (a) and (b) controls above are in place and completed. The ISO needs to maintain the documentation.

6. SECURITY INCIDENT INVESTIGATION

a. The term "security incident" means an event that has, or could have, resulted in unauthorized access to, loss or damage to VA assets, or sensitive information, or an action that breaches VA security procedures. The contractor/ subcontractor shall immediately notify the COR and simultaneously, the designated ISO and Privacy Officer for the contract of any known or suspected security/privacy incidents, or any unauthorized disclosure of sensitive information, including that contained in system(s) to which the contractor/ subcontractor has access.

b. To the extent known by the contractor/subcontractor, the contractor/ subcontractor's notice to VA shall identify the information involved, the circumstances surrounding the incident (including to whom, how, when, and where the VA information or assets were placed at risk or compromised), and any other information that the contractor/subcontractor considers relevant.

c. With respect to unsecured protected health information, the business associate is deemed to have discovered a data breach when the business associate knew or should have known of a breach of such information. Upon discovery, the business associate must notify the covered entity of the breach. Notifications need to be made in accordance with the executed business associate agreement.

d. In instances of theft or break-in or other criminal activity, the contractor/subcontractor must concurrently report the incident to the appropriate law enforcement entity (or entities) of jurisdiction, including the VA OIG and Security and Law Enforcement. The contractor, its employees, and its subcontractors and their employees shall cooperate with VA and any law enforcement authority responsible for the investigation and prosecution of any possible criminal law violation(s) associated with any incident. The contractor/subcontractor shall cooperate with VA in any civil litigation to recover VA information, obtain monetary or other compensation from a third party for damages arising from any incident, or obtain injunctive relief against any third party arising from, or related to, the incident.

7. LIQUIDATED DAMAGES FOR DATA BREACH

a. Consistent with the requirements of 38 U.S.C. 5725, a contract may require access to sensitive personal information. If so, the contractor is liable to VA for liquidated damages in the event of a data breach or privacy incident involving any SPI the contractor/subcontractor processes or maintains under this contract.

b. The contractor/subcontractor shall provide notice to VA of a "security incident" as set forth in the Security Incident Investigation section above. Upon such notification, VA must secure from a non-Department entity or the VA Office of Inspector General an independent risk analysis of the data breach to determine the level of risk associated with the data breach for the potential misuse of any sensitive personal information involved in the data breach. The term 'data breach' means the loss, theft, or other unauthorized access, or any access other than that incidental to the scope of employment, to data containing sensitive personal information, in electronic or printed form, that results in the potential compromise of the confidentiality or integrity of the data. Contractor shall fully cooperate with the entity performing the risk analysis. Failure to cooperate may be deemed a material breach and grounds for contract termination.

c. Each risk analysis shall address all relevant information concerning the data breach, including the following:

- (1) Nature of the event (loss, theft, unauthorized access);
- (2) Description of the event, including:
 - (a) date of occurrence;
 - (b) data elements involved, including any PII, such as full name, social security number, date of birth, home address, account number, disability code;
- (3) Number of individuals affected or potentially affected;

- (4) Names of individuals or groups affected or potentially affected;
 - (5) Ease of logical data access to the lost, stolen or improperly accessed data in light of the degree of protection for the data, e.g., unencrypted, plain text;
 - (6) Amount of time the data has been out of VA control;
 - (7) The likelihood that the sensitive personal information will or has been compromised (made accessible to and usable by unauthorized persons);
 - (8) Known misuses of data containing sensitive personal information, if any;
 - (9) Assessment of the potential harm to the affected individuals;
 - (10) Data breach analysis as outlined in 6500.2 Handbook, Management of Security and Privacy Incidents, as appropriate; and
 - (11) Whether credit protection services may assist record subjects in avoiding or mitigating the results of identity theft based on the sensitive personal information that may have been compromised.
- d. Based on the determinations of the independent risk analysis, the contractor shall be responsible for paying to the VA liquidated damages in the amount of \$37.50 per affected individual to cover the cost of providing credit protection services to affected individuals consisting of the following:
- (1) Notification;
 - (2) One year of credit monitoring services consisting of automatic daily monitoring of at least 3 relevant credit bureau reports;
 - (3) Data breach analysis;
 - (4) Fraud resolution services, including writing dispute letters, initiating fraud alerts and credit freezes, to assist affected individuals to bring matters to resolution;
 - (5) One year of identity theft insurance with \$20,000.00 coverage at \$0 deductible; and
 - (6) Necessary legal expenses the subjects may incur to repair falsified or damaged credit records, histories, or financial affairs.

8. SECURITY CONTROLS COMPLIANCE TESTING

On a periodic basis, VA, including the Office of Inspector General, reserves the right to evaluate any or all of the security controls and privacy practices implemented by the contractor under the clauses contained within the contract. With 10 working-day's notice, at the request of the government, the contractor must fully cooperate and assist in a government-sponsored security controls assessment at each location wherein VA information is processed or stored, or information systems are developed, operated, maintained, or used on behalf of VA, including those initiated by the Office of Inspector General. The government may conduct a security control assessment on shorter notice (to include unannounced assessments) as determined by VA in the event of a security incident or at any other time.

9. TRAINING

a. All contractor employees and subcontractor employees requiring access to VA information and VA information systems shall complete the following before being granted access to VA information and its systems:

(1) Sign and acknowledge (either manually or electronically) understanding of and responsibilities for compliance with the Contractor Rules of Behavior, Appendix E relating to access to VA information and information systems;

(2) Successfully complete the VA Cyber Security Awareness and Rules of Behavior training and annually complete required security training;

(3) Successfully complete the appropriate VA privacy training and annually complete required privacy training; and

(4) Successfully complete any additional cyber security or privacy training, as required for VA personnel with equivalent information system access [to be defined by the VA program official and provided to the contracting officer for inclusion in the solicitation document - e.g., any role-based information security training required in accordance with NIST Special Publication 800-16, Information Technology Security Training Requirements.]

b. The contractor shall provide to the contracting officer and/or the COR a copy of the training certificates and certification of signing the Contractor Rules of Behavior for each applicable employee within 1 week of the initiation of the contract and annually thereafter, as required.

c. Failure to complete the mandatory annual training and sign the Rules of Behavior annually, within the timeframe required, is grounds for suspension or termination of all physical or electronic access privileges and removal from work on the contract until such time as the training and documents are complete.

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (JAN 2017)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

E.7 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014) [TAILORED]

(a) The Government will award a Blanket Purchase Agreement resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

The offeror must submit detailed information for each evaluation criteria. The information within the quote must demonstrate that the offered services meet or exceed the minimum specifications found in the Statement of Work. VA will evaluate the quotes on the basis of information furnished by the offeror in response to the solicitation.

The following factors shall be used to evaluate offers:

Factor 1 - Past Performance

Factor 2 - Technical Approach

Factor 3 - Price

Factor 1 - Past Performance:

Present and past performance shall be evaluated as a measure of the Government's confidence in the offeror's ability to successfully perform based on previous and current contract efforts. Past Performance will be determined to be *relevant* if the performance involves work that is the same or similar in nature, size, and complexity to the services being procured under this Solicitation, and *recent* if performed within the past three (3) years.

Offerors are cautioned that the Government will review past performance questionnaires submitted by offeror references, past performance information submitted by offeror as required per the solicitation, and past performance data available in the Past Performance Information Retrieval System (PPIRS) at <https://www.ppirs.gov/>.

The Government reserves the right to obtain past performance information from any available source (i.e., Better Business Bureau) besides those specified above. If an offeror has no record of relevant past performance or if past performance information is not available for such offeror, the offeror may not be evaluated favorable or unfavorable on past performance. These offerors will be assessed a "Neutral" rating for past performance.

Factor 2 - Technical Approach:

Offeror work plan will be evaluated indicating how each aspect of the SOW is to be accomplished was addressed by offeror. Offeror technical approach will be evaluated to see if offeror's approach to services and demonstrated ability to perform the type of work described within the solicitation, such as the following, was addressed:

- Understanding the Requirement – clearly demonstrating an understanding of the requirements, the context, and the scope of services
- Methodology – Clearly demonstrating a rational approach to the management of pharmacy benefit management services and the methodology thereof.
- Relationships – Demonstrated ability to maintain and provide a business relationship with the contract pharmacies used to fill prescription requests as specified in the statement of work

Factor 3 – Price

The offeror's total firm fixed price for all years will be evaluated to ensure that they are fair and reasonable. Prices will be evaluated for completeness, and any incomplete pricing could result in the offeror being considered non-responsive. The Government reserves the right to make an award to other than the lowest priced offeror. The fixed price dispensing fee and the Average Wholesale Price (AWP) discount percentages will be considered when determining a fair and reasonable price.

(b) *Options*. Evaluation of Option to Extend Services under 52.217-8. For the purposes of the award of the resulting contract, the Government intends to evaluate the option to extend services, provided under FAR 52.217-8, as follows: The evaluation will consider the possibility that the option can be exercised at any time, and can be exercised in increments of one to six months, but for no more than a total of six months during the life of the contract. The evaluation will assume that the prices for any option exercised under FAR 52.217-8 will be at the same rates as those in effect under the contract at time of award. The evaluation will therefore assume that the addition of the price or prices of any possible extension or extensions under FAR 52.217-8 to the total price for the basic requirement and the total price for the priced options has the same effect on the total price of all offers relative to each other, and will not affect the ranking of offers based on price, unless, after reviewing the offers, the Government determines that there is a basis for finding otherwise. This evaluation will not obligate the Government to exercise any option under FAR 52.217-8.

(c) A written notice of award or acceptance of an offer, e-mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
