

LIMITED SOURCES JUSTIFICATION

ORDER >\$150,000

FAR PART 8.405-6

Acquisition Plan Action ID: VA242-18-AP-1280

This acquisition is conducted under the authority of the Multiple Award Schedule Program. The material or service listed in par. 3 below is sole source, therefore, consideration of the number of contractors required by FAR Subpart 8.4 – Federal Supply Schedules, is precluded for the reasons indicated below.

Restricted to the following source: OLYMPUS AMERICA, INC.
John G. Freeh, 484.896.5414
3500 Corporate Parkway,
Center Valley, PA 18034-0610

☒ The requested material or service represents the minimum requirements of the Government.

(1) AGENCY AND CONTRACTING ACTIVITY: Department of Veterans Affairs
New York Harbor Healthcare System
New York Campus
423 E. 23rd Street,
New York, NY 10050
VISN: 02

(2) NATURE AND/OR DESCRIPTION OF ACTION BEING APPROVED:

This is a request for approval of purchasing various Olympus scopes on a delivery order under VA NAC contract V797P-2065D, to be used at the New York VA Medical Center. This procurement will be conducted in accordance with FAR Part 8.4. The purpose of the equipment purchase is to reduce service costs and improve equipment turn-around time and reliability. This will be a firm-fixed price delivery order contract from contract V797P-2065D.

(3) (a) A DESCRIPTION OF THE SUPPLIES OR SERVICES REQUIRED TO MEET THE AGENCY'S NEED:

The New York VA Medical Center requires that the Contractor shall provide to the Government Olympus scopes and related equipment. Some items are not available from the NAC contract and are priced on the open market; see other justification using statutory exception FAR 6.302-1 – Only one responsible source and no other supplies or services will satisfy agency requirements. The purpose of the equipment purchase is to reduce service costs and improve equipment turn-around time and reliability. This will be a firm-fixed price delivery order contract from contract V797P-2065D. FSS items for this NAC delivery order are as follows:

(4) IDENTIFICATION OF THE JUSTIFICATION RATIONALE (SEE FAR 8.405-6), AND IF APPLICABLE, A DEMONSTRATION OF THE PROPOSED CONTRACTOR'S UNIQUE QUALIFICATIONS TO PROVIDE THE REQUIRED SUPPLY OR SERVICE.

☒ Specific characteristics of the material or service that limit the availability to a sole source (unique features, function of the item, etc.).

Olympus America, Inc. has been the sole provider since January 2016, providing these items under lease with maintenance services and repairs. Olympus America, Inc. is the only company that can provide all the necessary OEM parts and perform all the necessary returns and repairs for the Olympus America, Inc. surgical equipment described above due to VHA Handbook 1761.1 – Standardization of Supplies and Equipment Procedures. It is VHA policy to standardize to the maximum extent possible the types and categories of supplies and equipment VHA purchases, consistent with patient care and practitioner needs. Standardization is expected to facilitate best-value product pricing through volume purchasing and facilitate the delivery of high-quality health care. The requesting service has standardized with Olympus America, Inc. since 2012. Purchasing universal alternatives would cause issues with standardization, which could lead to significant patient risk.

☐ A patent, copyright or proprietary data limits competition.

☐ These are "direct replacements" parts/components for existing equipment.

☒ The new work is a logical follow-on to an original Federal Supply Schedule order provided that the original order was placed in accordance with the applicable Federal Supply Schedule ordering procedures. The original order must not have been previously issued under sole source or limited source procedures.

Past procurement history indicates that this procurement was supported by successive delivery orders under BPA VA243-BP-0151, which also cited the role that standardization played in creating this BPA with Olympus America, Inc.

(5) DESCRIBE WHY YOU BELIEVE THE ORDER REPRESENTS THE BEST VALUE CONSISTENT WITH FAR 8.4 TO AID THE CONTRACTING OFFICER IN MAKING THIS BEST VALUE DETERMINATION:

Per FAR 8.404(d), GSA has already determined the prices of supplies under schedule contracts to be fair and reasonable. Therefore, ordering activities are not required to make a separate determination of fair and reasonable pricing. Additional discounts will be sought before placing an order per FAR 8.405-4.

(6) DESCRIBE THE MARKET RESEARCH CONDUCTED AMONG SCHEDULE HOLDERS AND THE RESULTS OR A STATEMENT OF THE REASON MARKET RESEARCH WAS NOT CONDUCTED:

Olympus America, Inc. has been the sole provider since January 2016, providing these items under lease with maintenance services and repairs. Due to the proprietary nature, Olympus America, Inc. is the only company that can access its systems remotely and offer certified parts that meet the original equipment manufacturer's specifications. Olympus America, Inc. technicians have been the only OEM trained and certified personnel authorized to perform work on this equipment. However, GSA Advantage/e-buy, VetBiz, Ability One and the VA NAC MedSurg Catalog were used to determine if there were any other sources of providing service maintenance agreements on the Philips equipment.

(7) ANY OTHER FACTS SUPPORTING THE JUSTIFICATION:

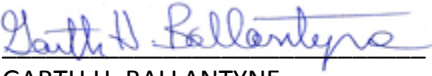

Some of the equipment items to purchase are open market items; see other justification using statutory exception FAR 6.302-1 – Only one responsible source and no other supplies or services will satisfy agency requirements.

(8) A STATEMENT OF THE ACTIONS, IF ANY, THE AGENCY MAY TAKE TO REMOVE OR OVERCOME ANY BARRIERS THAT LED TO THE RESTRICTED CONSIDERATION BEFORE ANY SUBSEQUENT ACQUISITION FOR THE SUPPLIES OR SERVICES IS MADE:

In situations involving medical equipment, it is difficult to remove barriers to competition because the OEM is the only qualified company capable to provide the repair and maintenance of its own medical equipment. This is especially true where proprietary software, specific diagnostics tools, and specialized electronics are used to maintain the equipment in accordance with OEM specifications and VA facilities practice standardization. Unless the manufacturer chooses to license its software and authorize local service providers to maintain the Olympus equipment, the only alternative would be to replace the existing Olympus America, Inc. equipment with a more generic brand. At this time, New York VAMC is satisfied with the quality and operation of the installed equipment, its maintenance and repair. New York VAMC currently does not have the sufficient budget to replace the Olympics equipment. Considerations for new equipment will be made when the existing equipment reaches the end of its life cycle span.

(9) REQUIREMENTS CERTIFICATION: I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge. I understand that processing of this limited sources justification restricts consideration of Federal Supply Schedule contractors to fewer than the number required by FAR Subpart 8.4.
