

Modification to solicitation#36C24818Q0421

Questions:

1. Is the mesh white or splash? The specs have both listed.
2. Is the RFIDNO chip a brand? If not, do you have specs on the chip so we can match what you are using.
3. Where do you want the RFID chip imbedded?
4. The specs show the first curtain as Splash Multi and the second as Splash Mix. I believe there is only
5. Fabric mills only warranty material for 1 year. Is the 10 years an error or for something else?
6. Installation
7. RFIDNO Radio Frequency Identification Device this is usually provided by a laundry service? Do you know if the facility has a service that can provide those? These are the curtains for line item 2.

Answers:

1. The mesh should be white as long as it's universal across the board, but at least 12" to 18" inches preferably.
2. Does not want a chip brand.
3. Chip not required
4. Would like the Splash Multi only, would like the double sided curtain.
5. One year warranty
6. No installation required
7. The curtains will be stamped "Property of the Tampa VA" by hospital.
