4. Statutory Authority Permitting Other than Full and Open Competition:

- (X) (1) Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements per FAR 6.302-1;
- () (2) Unusual and Compelling Urgency per FAR 6.302-2;
- () (3) Industrial Mobilization, Engineering, Developmental or Research Capability or Expert Services per FAR 6.302-3;
- () (4) International Agreement per FAR 6.302-4
- () (5) Authorized or Required by Statute FAR 6.302-5;
- () (6) National Security per FAR 6.302-6;
- () (7) Public Interest per FAR 6.302-7;

FAR13.5 Simplified Procedures for Certain Commercial Items: The items must be fully compatible with current in-use equipment and supplies to avoid uneconomical duplicate investment.

5. **Demonstration that the Contractor's Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above (applicability of authority):** This is a purchase of new equipment to augment the inventory of current in-use urinary endoscopy equipment. The existing equipment is Karl Storz brand. This is the brand used throughout the Overton Brooks Healthcare System, to include the Medical Center and CBOCs supported. This equipment must be completely compatible with existing Karl Storz cameras, light sources, scopes, and attachments. The new equipment must also be familiar to all users and services in the system, including personnel assigned to cleaning, sterilizing, etc. The equipment must also be compatible with existing cleaning and sterilizing equipment, as well as with consumables and spare parts already stocked in the system for resupply. Purchase of another brand of endoscopy products would involve an uneconomical duplicate investment of over \$500,000.00 to replace the existing items. This does not take into account the time for staff re-training for use, care, cleaning, repair, and sterilization of another brand of urinary scope. This is consistent with the DUSHOM Standardization Policy on Endoscopy Equipment (attached.)
6. **Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable:** By law, the VA must set-aside its requirements for Veteran-Owned Small Business firms when practicable. Two or more SDVOSB firms have been identified as past awardees for Karl Storz products for Government requirements. This procurement will be offered to capable SDVOSB firms who can compete for the award.
7. **Determination by the CO that the Anticipated Cost to the Government will be Fair and Reasonable:** Price analysis will consider before the award whether competition has determined a Fair and Reasonable price or if comparison to the manufacturer's FSS pricelist is required if no competition is received.
8. **Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted:** A search of past awards for Karl Storz equipment was made in FPDS. The results were filtered by Socioeconomic Indicator "veteran". This resulted in several potentially capable SDVOSB firms being identified.
9. **Any Other Facts Supporting the Use of Other than Full and Open Competition:** The safety of Veterans is of great concern, and until better methods of endoscopy and sterilization are developed, each brand of scope will have its own requirements.
10. **Listing of Sources that Expressed, in Writing, an Interest in the Acquisition:** The customer conducted Market Research and found a SDVOSB firm, L1 Enterprises, stating full capability for the requirement.
11. **A Statement of the Actions, if any, the Agency May Take to Remove or Overcome any Barriers to Competition before Making subsequent acquisitions for the supplies or services required:** By offering this procurement for competition, we will be promoting capability among the Small Business community.
12. **Requirements Certification:** I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance,

VHAPM Part 806.3 Other Than Full and Open Competition (OFOC) SOP
Attachment 2: Request for Sole Source Justification Format >\$150K

which are included in the justification, are accurate and complete to the best of my knowledge and belief.
