

Project Location: WEST VIRGINIA NATIONAL CEMETERY

Project Title: Install Slope Stabilization

Project Control #: 912-NRM18-01

Statement of Work Summary:

Contractor shall furnish all tools, labor, materials, equipment, and services to perform work described below, in the specification sections, and on the drawings at West Virginia National Cemetery.

A. General

1. Contractor is strongly encouraged to survey the project area prior to bidding to adequately understand the full scope of work and all requirements. Contractor is required to submit any questions or clarifications prior to bid. A bid submitted will be taken as agreement that the work shall be performed to meet the requirements herein based on the existing conditions in the field.
2. The specifications and drawings have the following project number on them which corresponds to the design project number: 912-NRM16-12. Contractor shall note that this differs from the scope of work project control number listed above and being used for the construction of this project.
3. Contractor shall note the three (3) Bid Alternates #1, 2 and 3 which shall be priced for consideration. See drawings and specifications for the delineation of these Bid Alternates, and also the base bid work.

B. Specific work items:

1. Perform all work in accordance with the contract drawings and specifications below and attached.
