Sign In Sheet

The expectation of this site visit is to prepare a proposal in accordance with I. Technical Rating Sub-Factor I: Evaluation Factor Period of Performance / Schedule of Proposed Work so this factor can be submitted when the solicitation closes.

This project's success depends on the schedule of work the efficiency and capability of the awarded company.

Be prepared to take notes, measurements, pictures (upon approval) and ask questions that are relevant to the Scope of Work. Bring any copies of the solicitation, specification and drawing. Copies will not be provided the day of the site visit.

The following items in the scope of work will be highlighted during the site visit, however the Government will entertain any additional requests from any contractors or sub-contractors as it is related solely to the scope of work. It is the contractors responsibility to understand how the highlighted items will apply to your schedule and meet or exceed the project completion date.

- a) A tour of Barrancas Drawings Section 50, 51, 52
- b) An explanation of how the bean system operates
- c) A tour of the current Shire completed projects
- d) C.3.7 Utility Location
- e) C.3.9 Contractor Equipment
- f) C.4 Work Scheduling
- g) C.5.1 Phasing and Work Sequencing

Note: This is not an inclusive list it is the responsibility of the contractor to create a complete proposal.

Note: All questions will be considered RFI's and you be asked to submit the question in writing.
