## B.4 Pharmaceutical Statement of Requirements – SDVOSB SET ASIDE

### I. **DELIVERY TERMS**

1. The Government reserves the right to cancel any quantities NOT delivered on or before the required date as specified in solicitation and purchase order.
2. All products supplied under this contract must be shippable by the United States Postal Service (USPS) unless specifically identified otherwise by the vendor and accepted by the Contracting Officer. Failure of the vendor to notify the Contracting Officer of the non-shippable status of a product (usually due to flammability) will result in cancellation or return of the product at the offeror's expense. "Shippable" means the product must be able to be shipped by the USPS when the Consolidated Mail Outpatient Pharmacy (CMOP) issues it to a patient. It DOES NOT mean that the product supplier must ship the product to the CMOP via USPS. The most cost effective method of shipping should be used for initial delivery to the CMOP.
3. For reconciliation purposes, all shipments must reference the original VA obligation number (i.e., 770A712345) even if purchased product is from another partnered company. This obligation number is referenced by CMOP receiving facility to verify receipt of items, and by the VA Fiscal Service Center to pay invoices submitted by vendor.
4. Deliveries are to be coordinated by shipper with receiving CMOP facilities) to ensure deliveries occur within operational hours.
5. Delivery may be required to multiple delivery points as specified on solicitation and purchase order.
6. The contractor is to email tracking information to points of contact listed on Delivery Schedule in Section B of the solicitation and purchase order upon shipment of products. Megan.Davis@va.gov.

### II. **ADDITIONAL TERMS PROPOSED BY CONTRACTOR:**

1. Any alternate National Drug Codes (NDCs) that vendors wish to quote shall be listed on the attached quote spreadsheet (where applicable).
2. Acceptance prior to purchase order of any vendor-quoted NDC or Universal Product Code (UPC) shall be contingent on CMOP approval.
3. If a line item indicates more than one NDC/UPC, vendor SHALL specify which NDC/UPC is used when quoting. If offering an alternate, vendor MUST indicate proposed alternate on the attached quote spreadsheet in the column titled "ALTERNATE NDC (PKG SZ)" and indicate bottle size in parentheses (i.e., 500 CT). ALL OFFERS SHALL BE SUBMITTED ON THE ATTACHED QUOTE SPREADSHEET.
4. If the pre-approved alternate NDC is provided by the vendor, and if the unit size is different from the original unit requested, then the vendor must also adjust the final quantity

accordingly. For example: Solicitation is for 100 quantities of 1000 CT bottles. Vendor submits quote for 500 CT. Quantity would need to be changed to 200.

5. The quoted alternate terms or conditions shall be reviewed by the Contracting Officer and, if accepted, shall be included in the resulting purchase order. Alternate terms and conditions quoted elsewhere will not be considered, and will not be included in any resultant purchase order.

### **III. BAR CODING**

1. All pharmaceutical products provided under the resulting purchase order shall include bar code labeling at the unit-of-use package level. The bar code labeling must be in a linear format that conforms to all GS1-128 (formerly EAN.UCC) or Health Industry Business Communication Council (HIBCC), Health Industry Bar Code (HIBC) supplier labeling standards. The bar code symbology must comply with all GSI or HIBCC parameters including, but not limited to symbology type or encoded pattern, bar and space dimensions and tolerances, and allowable ratio of wide to narrow elements.
2. The bar code may be any linear bar code symbology, such as GS1-128 (formerly EAN.UCC), GS1 Data Bar (formerly RSS), or Universal Product Code (if the UPC contains the National Drug Code or NDC). The bar code must encode the NDC, either alone or within the GS1 data structure (Global Trade Item Number (GTIN)).
3. The bar code printing must be American National Standards Institute (ANSI)/International Organization for Standardization (ISO)/IEC Quality Grade C or better. Manufacturers and packagers must ensure that production runs include an initial verification check, as well as routine audits, to ensure the bar code is printed clearly and consistently to meet the quality standard of Grade C or better. Contractors shall be responsible for ensuring that bar code labels meet the quality requirements specified in this section prior to shipping pharmaceutical products to any authorized ordering activity under this contract.
4. The bar code must be on the outside container or wrapper of the medication as well as on the immediate container, unless the bar code is readily visible and machine-readable through the outside container or wrapper. When the bar code is not easily machine-readable through the overwrap, the overwrap must contain the bar code.
5. The bar code must go on each cell of a blister pack. Furthermore, the bar code must remain intact under normal conditions of use; thus, it must not be printed across the perforations of a blister pack.
6. When applicable to the symbology used, bar codes shall be surrounded by sufficient quiet zone so that the bar code can be scanned correctly. Bar code placement shall minimize curvature of the bar code. For example, bar codes should be placed in "ladder orientation" on vials or bottles to minimize curvature of the bar code. Bar code labeling shall not be placed solely on outer packaging.
7. It is recommended that bar code labeling also include the lot number and expiration date. If two separate distinctive bar codes are used, one for NDC and the other for lot number/expiration date, the lot number and expiration date bar code must not be in close

proximity to the NDC barcode or in a format that may be confused with the NDC bar code. When applicable, all Healthcare Distribution Management Association (HDMA) guidelines shall be followed.

#### **IV. THERAPEUTIC EQUIVALENCE**

Only products that have received, under the Federal Food, Drug and Cosmetic Act (FFDCA), a therapeutic equivalence code of “A” by the Food and Drug Administration (FDA) will be considered, unless all drugs in the family group are “B” rated. In that case, no purchase order will be made other than to the innovator unless the non-innovator offeror submits acceptable data demonstrating bioequivalence.

For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).*

(1) *Listed end products.*

|                    |                            |

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

#### **E.4 52.204-13 SYSTEM FOR AWARD MANAGEMENT MAINTENANCE (OCT 2016)**

(a) *Definitions.* As used in this clause—

*Electronic Funds Transfer (EFT) indicator* means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management (SAM) records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.

*Registered in the System for Award Management (SAM) database* means that—

(1) The Contractor has entered all mandatory information, including the unique entity identifier and the EFT indicator (if applicable), the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14), into the SAM database;

(2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record “Active”.

*System for Award Management (SAM)* means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes—

(1) Data collected from prospective Federal awardees required for the conduct of business with the Government;

(2) Prospective contractor-submitted annual representations and certifications in accordance with FAR subpart 4.12; and

(3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.

*Unique entity identifier* means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See <http://www.sam.gov> for the designated entity for establishing unique entity identifiers.

(b) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government’s reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(c)(1)(i) If a Contractor has legally changed its business name, *doing business as* name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to—

(A) Change the name in the SAM database;

(B) Comply with the requirements of subpart 42.12 of the FAR; and

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (c)(1)(i) of this clause, or fails to perform the agreement at paragraph (c)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within

the meaning of the “Suspension of Payment” paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the EFT clause of this contract.

(3) The Contractor shall ensure that the unique entity identifier is maintained with the entity designated at [www.sam.gov](http://www.sam.gov) for establishment of the unique entity identifier throughout the life of the contract. The Contractor shall communicate any change to the unique entity identifier to the Contracting Officer within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the unique entity identifier does not necessarily require a novation be accomplished.

(d) Contractors may obtain additional information on registration and annual confirmation requirements at <https://www.acquisition.gov>.

(End of Clause)
