## Pre-bid Site Walk Questions

Date: 4-25-2018

- 1. Under the "comments" section, where it says "Insert - Graphic Only" - I assume that no new signage is needed, correct?**
  - a. That is incorrect. The Take Form Sign consist of 3 parts. The Physical Sign with Room number, The Graphic Insert, And the Occupant Insert Transparency. The VA will provide the Occupant Insert Transparency. The Physical Sign with Room number and the Graphic Insert will be provided by the contractor. The Graphic Insert background image will be selected during product submittals, and does not have a cost implication.
  
- 2. For Sign Type: C.2-1S - Under the "comments" section it states "(Blank)" - I assume that these signs are not supposed to be blank? It wouldn't make sense to have a hanging sign with nothing on them.**
  - a. The C.2-1S sign is similar to the Type 1 sign, in that it allows the VA sign shop to insert a Transparency indicating direction. These will be provided after installation.
