5. Statutory Authority Permitting Other than Full and Open Competition:

- (X) (1) Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements per FAR 6.302-1;
- () (2) Unusual and Compelling Urgency per FAR 6.302-2;
- () (3) Industrial Mobilization, Engineering, Developmental or Research Capability or Expert Services per FAR 6.302-3;
- () (4) International Agreement per FAR 6.302-4
- () (5) Authorized or Required by Statute FAR 6.302-5;
- () (6) National Security per FAR 6.302-6;
- () (7) Public Interest per FAR 6.302-7;

6. Demonstration that the Contractor's Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above (applicability of authority): The suggested source SanJamar

LTD, is the current provider of wheelchair/ van transportation services and can ensure continuity of services thus ensuring patient care is available to those Veterans served by this contract. Due to the length of time needed to compete and solicit a base plus option year contract, the Charlie Norwood VA Medical Center is requesting a sole source bridge contract to ensure services continue during the process. The current contract expires 31 March 2018 and an extension of FAR Clause 52.217-8 cannot be exercised to extend the contract VA247-14-D-0245 as it has been exhausted. This does not provide ample time to compete and negotiate a short-term contract (1 April 2018 – 30 September 2018), as the procurement lead time for competitive contract of its estimated dollar value of [REDACTED] is approximately 208 days. Furthermore, even if this requirement were competed in this short timeframe, it is not enough time to get a new contract established. Prior to commencing work, a new contractor would need to meet various requirements, including the inspection of their facilities and all vehicles intended for use under this contract prior to beginning work. Wheelchair services are needed to transport stable non-ambulatory and bariatric patients to higher and /or appropriate echelon levels of care when deemed medically necessary. On average, the CNVAMC requires wheelchair services for 1200 round trips per month. The current contractor is familiar with each facility and what is required under the existing contract terms and conditions, which alleviates any delays in transitioning to another service provider minimizing the risk to the Government and providing the same care for our Veterans. The transition time for a new contractor would be at least 60-90 days. The medical center and outlying clinics cannot have any disruption of the critical service as it would be detrimental to patient care. As such, a sole source interim contract is needed for 1 April 2018 – 30 September 2018, so that the new five (5) year contract can be competed and established.

6. Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable: A sources sought notice was issued on the Federal Business Opportunity (FBO) website on 8 February 2018 (36C24718R0241). At the time the notice expired on 1 March 2018 at 12 noon Eastern, nine (9) responses were received (7 SDVOSBS and 2 Small Business Concerns).

Attachment 2: Request for Sole Source Justification Format >\$150K

7. Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable: The anticipated cost of [REDACTED] was derived from the most recent pricing from the existing contract VA247-14-D-0245 [REDACTED]. The cost is determined to be fair and reasonable for the service and based on contractor's previous rates.

8. Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted: A sources sought notice was issued on FBO on 8 February 2018 (36C24718R0241). At the time the notice expired on 1 March 2018 at 12 noon Eastern, nine (9) responses were received.

9. Any Other Facts Supporting the Use of Other than Full and Open Competition: Failure to provide a short term 6-month contract to ensure continued services would impede the facilities ability to provide access to patient care services to our Veterans. The incumbent contractor is prepared to continue performance of the contract without any delays and at the same previous contract price.

11. A Statement of the Actions, if any, the Agency May Take to Remove or Overcome any Barriers to Competition before Making subsequent acquisitions for the supplies or services required: The CNVAMC plans to follow-up on interested parties from the sources sought, as a long-term combined contract for ambulance / wheelchair services beginning 1 October 2018 is pursued.
