**Description:**

**Sheet GI001** – Drawing Index modified. E-500 added to index. F-111B, PD-111B, PL-111B Removed from index & sheets removed from set.

**Sheet GI002** – Bid Alternates removed from sheet.

**Sheet GI003** – Drawing modified to reflect occupancy change from B Business to Institutional I2.

**Sheet GI004** – Drawing modified to show mounting heights for additional equipment included in Addendum 1.

**Sheet CS101** – Drawing modified to show existing underground utilities and new dumpster / compactor pad and associated striping & bollards in plan.

**Sheet CS501** – Drawing modified to include detail 11.

**Sheet AD100B** – Drawing modified to show demolition of all existing millwork in plan in future HBPC Office B0002 and demolition of existing carpet in Reception B001. Demolition General Notes updated.

**Sheet AD101A1** – Drawing modified to include revised partition demolition for new Reception & Coffee Station layout in plan.

**Sheet AD101A2** – Drawing modified to show removal of partition and door in former Exam 2091 in plan. Drawing modified to include revised demolition for new Reception & Coffee Station layout in plan. Demolition General Notes modified.

**Sheet AD201A2** – Drawing modified to include revised ceiling demolition for new Reception & Coffee Station layout in plan. Drawing modified to include demolition of cubicle curtain track in former Exam Room 2091. Demolition General Notes modified.

**Sheet A100A** – Key plan modified for inclusion of new smart board in conference room B023. Construction Keynotes modified.

**Sheet A100B** – Sheet modified to include drawing 3. Drawing 1 modified to include new millwork in HBPC Office B002. Construction Keynotes modified.

**Sheet A101A1** – Drawing modified to include new Reception and Coffee Station layout in plan. Construction Keynotes modified.

**Sheet A101A2** – Drawing modified to include new Reception and Coffee Station layout in plan. New partition and door added to 1064 Exam 11 in plan. Nourishment Alcove 1037 & Equipment Alcove 1036 millwork modified in plan. Construction Keynotes modified.

**Sheet A200A** – Key plan modified for inclusion of new smart board in conference room B023. Keynotes modified.

**Sheet A200B** – Sheet modified to include drawing 3. Exit sign removed from HBPC Office B002 in plan. Keynotes modified.

**Sheet A201A1** – Drawing modified to include new Reception and Coffee Station layout in plan. Keynotes modified.

**Sheet A201A2** – Drawing modified to include new Reception and Coffee Station layout in plan. Drawing modified to include new curtain track in 1064 Exam 11. Keynotes modified.

**Sheet A202** – Drawing modified to include details 7 - 14. Detail 6 modified.

**Sheet A601** – New equipment and artwork added to elevations. Elevation 19 modified per new layout. Elevation 27 added to sheet.

**Sheet A602** – Elevations modified per revised Reception & Coffee Station layouts. New equipment and artwork added to elevations. Elevations 13 - 17 added to sheet.

**Sheet A700A** – Floor finish modified in EMS B038, Biomed B039 & FMS B040 in plan.

**Sheet A700B** – Floor finishes modified in Reception B001 in plan. New millwork reflected in HBPC Office B002 in plan.

**Sheet A701A1** – Modified to reflect new Reception and Coffee Station layout in plan.

**Sheet A701A2** – Modified in plan to reflect new Reception and Coffee Station layout.

**Sheet 702** – Finish schedule modified.

**Sheet 750A** – Key plan modified for inclusion of new smart board in conference room B023.

**Sheet A750B** – Drawing 1 modified to include new artwork throughout basement areas and new undercounter refrigerator in HBPC Office B002 in plan. Sheet modified to include drawing 3.

**Sheet A751A1** – Drawing modified to include artwork and additional equipment in plan. Equipment modified in plan to reflect new Reception and Coffee Station layout.

**Sheet A751A2** – Drawing modified to include artwork and additional equipment in plan. Equipment modified in plan to reflect new Reception and Coffee Station layout.

**Sheet A752** – Equipment Schedule modified to remove any re-used existing equipment. All equipment to be provided as new. Equipment Items 88 - 113 added to Equipment Schedule. Artwork specification added to sheet.

**Sheet A800** – Signage plan modified. Signage General Notes updated.

**Sheet A801** – Signage Plan updated to reflect new Reception and Coffee Station layout. Signage General Notes and Signage Schedules updated. Signage mounting legend updated.

**Sheet A902** – Door 1064-1 added to schedule.

**Sheet A903** – Detail 3 modified. Details 4 & 5 replaced.

**Sheet A910** – Details 5A, 5B, 12 - 50 added to sheet.

**Sheet MH-000** – Added symbols list, duct cleaning scope and controls notes.

**Sheet MD-110A** – Modified sheet notes.

**Sheet MD-110B** – Minor changes to allow for new connection.

**Sheet MD-111A** – Adjust demo to reflect new design.

**Sheet MH-110A** – Minor changes to reflect new sizing.

**Sheet MH-110B** – Minor changes to reflect new sizing.

**Sheet MH-111A** – Adjust for new design.

**Sheet MH-300** – More details added

**Sheet MH-500** – Adjust for new design.

**Sheet MP-000** – Added symbols and information.

**Sheet MD-120A** – Adjust to reflect more efficient layout.

**Sheet MD-120B** – Adjust to reflect more efficient layout.

**Sheet MD-121A** – Adjust for new design.

**Sheet MP-110A** – Adjust for new design.

**Sheet MP-110B** – Adjust to reflect more efficient layout.

**Sheet MP-111A** – Adjust for new design.

**Sheet MP-200** – Provide additional coordination information for boiler plant. Added control diagrams

**Sheet MP-300** – More details added

**Sheet MP-301** – More details added

**Sheet MP-400** – Revised valving and added information

**Sheet MP-500** – Added more information to schedules.

**Sheet MP-600** – More details added

**Sheet F-000** – Added notes, reorganized for more clarity.

**Sheet F-110A** – Added note.

**Sheet F-110B** – Added note.

**Sheet F-111A** – Adjust for new design.

**Sheet F-300** – More details added.

**Sheet P-000** – Sheet number adjusted.

**Sheet PD-110A** – Adjust for new design.

**Sheet PD-110B** – Revised demo scope.

**Sheet PD-111A** – Adjust for new design.

**Sheet PL-110A** – Adjust for new design.

**Sheet PL-110B** – Adjusted to remove some phase 2 140 degree water.

**Sheet PL-111A** – Adjust for new design.

**Sheet PL-111B** – Add additional information for sizing.

**Sheet PL-200** – Provide additional information in toilet rooms and boiler plant.

**Sheet PL-300** – More details added.

**Sheet PL-301** – More details added.

**Sheet PL-400** – Adjust based on information received on water quality.

**Sheet PL-500** – Adjust for new design and additional owner changes.

**Sheet E-000** – Included for reference, renumbered

**Sheet ED-110A** – Included for reference, renumbered

**Sheet ED-110B** – Added notes to clean and re-lamp light fixtures.

**Sheet ED-111A** – Adjust for new design.

**Sheet ES-100** – Adjust for AT&T information.

**Sheet EL-110A** – Add fixture tags, circuiting.

**Sheet EL-110B** – Add fixture tags, circuiting.

**Sheet EL-111A** – Adjust for new design. Add fixture tags, circuiting.

**Sheet EP-110A** – Add circuiting, coordinate with architectural.

**Sheet EP-110B** – Add circuiting, coordinate with architectural.

**Sheet EP-111A** – Adjust for new design, Add circuiting, coordinate with architectural.

**Sheet EY-110A** – New numbering.

**Sheet EY-110B** – New numbering.

**Sheet EY-111A** – Adjust for new design.

**Sheet E-200** – Coordinate with mechanical and technology.

**Sheet E-300** – More details added.

**Sheet E-400** – Added power to boiler plan.

**Sheet E-401** – Added power from generator.

**Sheet E-500** – Adjust based on new design and add more information regarding lighting.

**Sheet E-600** – Add more information.

**Sheet T-000** – Added notes to coordinate with modular furniture.

**Sheet TD-110A** – Modified demolition scope.

**Sheet TD-110B** – Added scope to relocate screen for smart board.

**Sheet TD-111A** – Adjust based on new design.

**Sheet T-110A** – Removed demolition scope.

**Sheet T-110B** – Final architectural coordination and added smart board.

**Sheet T-111A** – Adjust based on new design, final architectural coordination.

**Sheet T-200** – Minor changes to notes.

**Sheet T-300** – Elevation details for the smart board and e-check-in added.

**Sheet T-400** – Additional details were added or moved from T-300 and T-401.

**Sheet T-401** – Schedules were modified based on security changes.

**Sheet T-500** – Items based on design changes.

**Sheet V-100** – Vendor drawing added for reference only.

**Sheet V-101** – Vendor drawing added for reference only.

– END OF ADDENDUM –
