

STATEMENT OF WORK

Florida National Cemetery (FNC) request a lease of 6 Electric Powered Golf Carts, 2+2 seating, green with tan seats, sun top, windshield fold down, four passenger, four wheels w/hubcaps, rechargeable eight 6-volt deep cycle batteries with 48v charger, speed (level ground 15 mph +/- 0.5 mph, headlights, brake lights, turn signals and horn, rear view mirror, full weather enclosure with zippered doors, with option years. Vendor is required to provide annual maintainance.

Florida National Cemetery (FNC) request a lease of 6 Gas Powered Golf Carts, 2+2 seating, green with tan seats, sun top, windshield fold down, four passenger, four wheels w/hubcaps, speed (level ground 16 mph +/- 0.5 mph, headlights, brake lights, turn signals and horn, rear view mirror, full weather enclosure with zippered doors, with option years.

The monthly lease rental price will include the new vehicles and services to include replacement parts, labor and transportation; with the exclusion of damage and required maintenance based on manufacture recommendations i.e., oil and filters and any parts required to maintain vehicles. All vehicles will be serviced at a minimum of once a year in the month of April to insure all carts are serviceable. If vendor cannot repair vehicle within 24 hrs., a replacement will be delivered with 48 hrs. The Government facility will be responsible for preventative maintenance of the vehicles. Preventative maintenance is maintaining the correct lubrication levels (oil in the engine), keeping the cars clean, maintaining proper tire pressure and changing and repairing flat tires.
