Subject: Correct IT FCA Deficiencies
Location: W.G. (Bill) Hefner VAMC, Salisbury N.C.
Project #: 659-16-102
Date: 24 JAN 2018

Scope of Work:

1. STATEMENT OF BID ITEM(S)

The work covered by these specifications consists of furnishing all labor, materials, tools, equipment, and supervision, and perform all operations necessary for the renovation work as further described in the construction drawings and specifications. Work includes but is not limited to general construction, alterations, mechanical and electrical work, and utility systems. All materials, equipment, and debris resulting from this work and not designated for reuse in new work nor designated to be salvaged for the Government, will become the property of the contractor and shall be removed from the work site as it accumulates. The contractor shall properly dispose of removed materials.

- A. BID ITEM I, Correct IT FCA Deficiencies at VAMC Salisbury Campus: Construct, repair and alter the identified IT closets in Buildings 2, 3, 4, 5, 6, 12, 16, 17 and 21. Construct, repair and alter the computer rooms in Building 21 and 42 to correct deficiencies identified in the construction documents and specifications. The project scope includes replacement and expansion of all of the existing fiber optic backbone, enlarging and improving HVAC to identified telecommunication closets, relocation and consolidation of one main Computer Room with another to improve security and environment. The project includes various repairs and renovation to bring the Information Technology systems up to compliance. All work, including final cleanup and completion of any punch list items, shall be performed within two hundred and seventy (270) calendar days of receipt of the Notice to Proceed. Work shall be performed in strict accordance with specifications and drawings.
- B. BID ITEM II, ALTERNATE NO.1: Perform all work described in BID ITEM I above, except for the following items: Construct, repair and alter the identified IT closets in Building 5. The project scope includes replacement and expansion of all of the existing fiber optic backbone, enlarging and improving HVAC to identified telecommunication closets, relocation and consolidation of one main Computer Room with another to improve security and environment. The project includes various repairs and renovation to bring the Information Technology systems up to compliance.
(Project to be completed in 150 calendar days if Alternate No. 1 is removed)
- C. BID ITEM III, ALTERNATE NO.2: Perform all work described in BID ITEM II above, except for the following items: Construct, repair and alter the identified IT closets in Building 12. The project scope includes replacement and expansion of all of the existing fiber optic backbone, enlarging and improving HVAC to identified telecommunication closets, relocation and consolidation of one main
