

B.2 SALIENT CHARACTERISTICS:

This is being issued as a name brand or equal solicitation. If you are bidding products that are not name brand, but equal to, you must provide sufficient documentation that the items you are bidding equal to or better than the name brand components. All equipment must be new. **If you are bidding any open market items they must be clearly marked on the quote.**

In accordance with FAR 52.211-6, the Manufacturer and/or Stock Numbers are listed for reference only. Offerors may provide a solution that has differing line items so long as the statement of work is satisfied. In other words, vendors are not restricted to matching the line items directly.
