RFI NO.:E-7 <b>RFI-20</b>	DATE:6-11-18	SPEC/DWG. REFERENCE(s): ED001
REPLY NEEDED BY: 6-13-18		

**INFORMATION NEEDED:**

Electrical Plan Note #3 states to provide a new 500KVA transformer for Building 47. The existing transformer is shown to be a 75KVA transformer. Plan Note also calls for (2) sets of 4#600kcmil for the secondary. If the existing transformer is actually a 75KVA, it is not likely the secondary conduits to building 47 would allow for the installation of (2) sets of #600kcmil. Please clarify.

**REPLY:**

**The existing transformer is a 500kVA transformer. The 75kVA note on the drawing is a typo from a previous installation.**
